INSURRECTION  
IN MEXICO

Five Thousand Maya Indians Sack Town of Valladolid in State of Yucatan and Slay Many

ENTRENCHED THEY AWAIT  
GOVERNMENT TROOPS

Many Lives Lost in Trouble Arising From Indians' Dissatisfaction Over Action of Officials Regard to Land

VERA CRUZ, Mex., June 6.—The most serious uprising with which the Mexican government has had to deal in a long time has occurred in the state of Yucatan, and troops are being rushed to the disturbed area. In the meantime reports which have reached here, indicate that there has been much bloodshed, and that the insurgents are preparing for a battle with the government troops, which is sure to come.

The independent paper El Dictamen, published despatches from Merida, the capital of Yucatan, to the effect that 40 persons were killed by the Maya Indians on Saturday. Further despatches received here state that 5,000 of these Indian insurgents sacked the town of Valladolid 54 miles southeast of Merida, killing all the principal government employees, the chief of police and others. They seized rifles and pistols and instituted a reign of terror. Many of the inhabitants of Valladolid are fleeing to Merida.

The gunboat Morelos has already left this port with six hundred soldiers aboard, while the Yucatan gunboat Serapagos is lying in the harbor ready to take a thousand additional troops, who are expected soon to arrive from the interior. Railroad telegraph communication between Merida and the scene of the trouble is now cut off. Twenty miles of the Yucatan road has been destroyed by the Indians. It is reported that many telegraph operators have been killed or are prisoners. The Jefe Politeros and the judge of the criminal court are among the dead.

## Strongly Entrenched

The rebels are strongly entrenched in anticipation of the advance of the federal troops. Maximiliano Ramirez Bonilla, the former rebel leader and Colonel Victor Menegro are said to be the head of the uprising. The towns of Tinum, Yaxma and Tunkas, all between Merida and Valladolid have been attacked, but the reports say the families of all the residents, except the officials, have been unharmed. To what extent the insurgents pillaged or killed at these places has not yet been reported.

## TROOPS SENT TO EGYPT

ALDERSHOT, June 6.—It is reported that two battalions of infantry and a cavalry regiment have been ordered to Egypt.

prepare for their departure, with restrictions, while 904 received passports good only over the route to their specified destinations. Two hundred and eighty eight persons originally ordered expelled succeeded in proving their right to residence. The previous estimates of expulsions were based on families, not individuals, and the present figures confirm the earlier reports.

## No Word of Plot

LONDON, June 6.—The Japanese embassy here has received no information of the reported anarchistic plot against the home government.

## Must Answer Murder Charge.

EDMONTON, Alb., June 6.—William Oscar King, under sentence for horse-stealing is on trial for his life today before Judge Scott of the Supreme court. King is charged with murdering Joseph Kendall, on the Millett trail last year. Kendall was seen in company with King one day on the trail and has not been seen since. King was on his way to stand trial last summer for horse stealing when he told the mounted police he could show where the body of a murdered man lay. The police were taking him to the spot when he escaped. He was recently apprehended. The police were suspicious of King's story of the hidden body and investigated with the result that they have laid a charge against King.

HAGUE TRIBUNAL  
OPENS SESSION

Hearing of Newfoundland Fisheries' Dispute Likely to Be Long Drawn Out—Dutch Apathetic

THE HAGUE, June 6.—The first business session of the tribunal which is to decide the Newfoundland fisheries question between the United States and Great Britain was held today. The president of the court is Professor Heinrich Laumann of Austria.

The case opened with the presentation of the British case by Sir Robert Finlay, Senator Eilhu Root heads the delegation of attorneys representing the United States.

The international dispute grew out of interpretations of Newfoundland fisheries treaty of 1818.

## Long Drawn Out

LONDON, June 6.—A correspondent at The Hague writes that The Hague tribunal will meet four days a week and remain in session four hours a day. At this rate the argument in the North America fisheries dispute will not be completed before the end of August and possibly not before the middle of September.

The preliminary meeting of the court was held in the arbitration building, but the room was not sufficiently large for the court representatives and the contending parties, so it was decided to try to get more commodious quarters. It was expected that Dutch official life would put itself out for the purpose of meeting the wishes of the tribunal, but it took no interest whatever in the search for more commodious quarters. Eventually the tribunal discovered the top flat of the parliament building, a huge, ungalvanised, unlighted and unfurnished attic, vacant. At the moment they are undecided whether to take possession of the roof garden or to apply for permission to use the "chevalier's hall," the headquarters of the Netherlands knights.

The correspondent adds that the prevalent idea of Dutch official life going down on its knees to the great powers of the world, begging them to come to The Hague is erroneous. The Dutch are not unwilling that they should come, but at the same time they are quite willing that they should find their own accommodations.

## Street Car Conductor Killed

TORONTO, June 6.—James Lynch, a street car conductor, who had his skull fractured on Friday by being thrown to the pavement from a belt line car, died yesterday at St. Michael's Hospital.

Troubles of "Golden Rule" Chief

CLEVELAND, O., June 6.—The prosecution in the investigation of charges against Fredk. Kohler, the suspended chief of police rested his case late today. Several points in the original charge were not pressed. The defence took up its side of the case immediately.

## South African Suicides

STONEWALL, Man., June 6.—A man named McKenzie, aged forty, and recently arrived from South Africa, suicided at the home of his brother-in-law, Sam Scott, at Brant Argyle, nine miles from here, Saturday, by taking an overdose of laudanum. Business troubles are supposed to have been the cause.

Delegates to General Conference

BROCKVILLE, Ont., June 6.—At the session of the Montreal Methodist conference held here today the following delegates were elected to attend the next general conference which meets in Victoria, B. C., next August. Ministers, C. S. Depprose, W. R. Young, W. H. Sparling, Wm. Timberlake, Wm. Philp, F. G. Lett, J. P. Marey, Melvin Taylor, W. I. Shaw, C. F. Bland, S. J. Hughes and T. Cummings.

HUGE RESERVE  
IS DECLARED

Entire Eastern Slope of the Rockies From Boundary to Fifty-Fourth Parallel Withdrawn for Settlement

FOR CONSERVATION OF  
NATURAL RESOURCES

To Be Administered With View to Proper Utilization of the Forest and Protection of Water Supply

OTTAWA, June 6.—The entire slope of the Rocky Mountains, from the International Boundary line northward to a short distance short of the 54th parallel of north latitude is now reserved from settlement or occupation and will be administered entirely with a view to the proper utilization and reproduction of the forest, the protection of the water supply of the prairie provinces and other related objects. Such is the effect of an order-in-council just passed.

The total area of the district now reserved from settlement along the eastern slope of the Rockies in Canada is about 14,400 miles. Adjoining this to the south is an area of 14,000 square miles similarly reserved by the United States government, known as the Glacier National Park. Of the area reserved in Canada, Rocky Mountain Park area, 4,500 square miles, and Jasper Forest Park, area 5,000 square miles, and Waterton Lake Park, 4,900 square miles, have been reserved for some time. The area now put under reserve for the first time is thus about 4,850 square miles—3,100,000 acres. The entire area is 14,000 square miles.

## Its Boundaries

The most northerly boundary of the reserve is situated about forty and fifty miles north of the latitudes of Edmonton and about a hundred miles north of Yellowhead Pass, the westerly boundary of the reserve is the boundary between the provinces of Alberta and British Columbia. The crest of the Rockies and the eastern boundary is an irregular line fixed by the order.

The width of the strip set aside varies from ten to thirty miles from the International Boundary up to the latitude of Calgary, and from there northward widens out from thirty to fifty miles or so, continuing almost to the northernmost boundary.

The lands included in the tract are for the most part elevated and rocky and generally not suited for agriculture. They are, however, covered to a large extent by a forest which is of great value for the supply of wood and lumber to the prairie country lying eastward from the base of the mountains; for the requirements of the coal mines, and for the protection of the

LUNGS NECESSARY  
LEARNING NOT

New York Fire Chief Inveighs Against Practice of Admitting Men by Civil Service Examination

NEW YORK, June 6.—The New York fire department widely lauded as the best in the world, is only forty per cent. efficient in the opinion of its chief. Two firemen were smothered early this morning in a down town warehouse blaze, and Chief Croker's sorrow at the loss was blended with anger over the manner in which the loss came to pass.

"There was a panic in that fire," he said, "and I want it known that the majority of the men fighting that fire were young civil service firemen. When they got into the thick of the smoke, their lungs could not stand the strain. They got frightened, dropped the hose and ran. It was not much of a fire at that."

"In many fires, of late, I have seen these civil service firemen drop their hose and run. When one of them weakens the whole bunch goes down like a row of dominoes. I want some men with brains, yes, but I want all of them with lungs. The cigarette smoking, weak lunged, undersized, civil service firemen have been demoralizing the department for the last 26 years, ever since the civil service

PAYS VISIT TO  
AGED STATESMAN

LONDON, June 6.—His Majesty paid a visit to the Hon. Joseph Chamberlain on Saturday last. The visit was of considerable duration, the King dining with the aged statesman.

## THE PREMIER'S TRIP

OTTAWA, June 6.—Sir Wilfrid Laurier leaves for his western trip on July 6th, and speaks at Fort William, Ont., July 9th.

commission began to pass on applications. We continue to make scholarship the prime requisite for admission, and it is only a question of time when the department will fall to pieces."

## Ministers Leave for London

OTTAWA, June 6.—Hon. W. S. Fielding, minister of finance, and Hon. William Patterson, minister of customs, leave on Friday by the Virginian, for Liverpool. The ministers are members of the Imperial West India Preferential Trade Commission which will conclude its labors in London this month and make its report to the governments concerned.

## Carried Off By Wild Man

WABIGOON, Ont., June 6.—That he was abducted bodily by a demented trapper is the latest theory concerning the disappearance of Walpole Roland, the eighty-year-old prospector, who has been missing now for over three weeks. One of the search parties report that a wild man, believed to be a demented trapper named Miller, is roaming around the shores of lower Manitou Lake, where the unfortunate prospector disappeared. He lives on raw flesh and runs away upon the approach of anybody. The provincial police are investigating the report.

SETTLEMENT  
IS REACHED

Complete Agreement Between United States Government and Enjoined Railways Effected

## WASHINGTON, D. C., June 6.—A

complete agreement between the government and the recently-enjoined railroads of the Western Trunk Line Association has been reached at the White House conference which lasted for more than four hours this afternoon. The railroads represented agreed to withdraw all rate increases filed on June 1, and agreed to file no more increases until the bill in Congress which gives the interstate commerce commission power to investigate and suspend increases that are not justified becomes law and goes into effect.

"President Taft thereupon stated that the administration's purpose in bringing the injunction suit had been accomplished and the suit would be discontinued. The discontinuance will not be entered, however, until after the new law is signed.

The belief was expressed tonight that all of the other railroads of the country which have filed increased rates or have had such plans under consideration will abide by the agreement reached today with 24 railroads named as defendants in the recent suits. There will be a conference at the White House in which President Brown of the New York Central, President McRea of the Pennsylvania and other officials representing railroads in the eastern and central territory will participate tomorrow. That they will acquiesce in President Taft's proposition and hold up the proposed increases until after the new law becomes effective is taken for granted here tonight.

Everyone connected with today's conference seemed to be satisfied over the outcome. All that President Taft has desired is that the interstate commerce committee should have authority to investigate increased rates to determine whether or not they are justified by conditions and are just to the shippers. This power is to be conferred under the new law.

The railroads on the other hand, it is pointed out, are to be relieved of embarrassing litigation and assured of a square deal when their case is presented to the interstate commerce commission and are free to resume the contracts for improvements and extensions which they threatened to cancel had the court proceedings continued. The new railroad bill contains a clause which gives it effect, 40 days after being signed by the president.

It will be necessary to make the provision as to the supervision of rates by the interstate commerce committee immediately effective and for this reason President Taft indicated tonight it will be necessary to send the bill to congress at once.

## Keeping Chieftain's Memory Green

OTTAWA, June 6.—Mr. R. L. Borden, assisted by other prominent Conservatives decorated the statue of the late Sir John Macdonald on the occasion of the nineteenth anniversary of his death.

## The Status of Queen's

HALIFAX, June 6.—The Presbyterian General Assembly spent most of today discussing the present and future status of Queen's University, and at midnight the commissioners were still undecided for a vote. The matter went over to another day. Church union is scheduled for discussion tomorrow forenoon. The assembly decided on Knox church, Ottawa, as the place of next year's meeting. In the afternoon for two hours the Assembly had an excursion on the government steamer Lady Laurier.

LEAVES THURSDAY  
FOR LONDON

Believed Earl Grey Is to Be Consulted Regarding Appointment of Successor As Governor General

LORD SELBORNE'S  
NAME MENTIONED

Has Just Vacated Post as Lord High Commissioner of South Africa and Has Returned to England

OTTAWA, June 6.—Lord Grey, Governor General of Canada will sail for England by the Mackenzie and Mann steamship Royal George on Thursday for a short visit. It is believed that he has been summoned to London to consult with the government regarding the appointment of his successor.

## London Comment.

LONDON, June 6.—The authorities have not as yet given out any information regarding the objects of Earl Grey's forthcoming visit here. It is thought it may possibly be connected with an extension of the term of office of the governor general. The death of the King has so upset the ministerial plans that it is probable that the government themselves would willingly assent to such a proposal.

## Mentioned for Post.

LONDON, June 6.—Lord Selborne, former high commissioner for South Africa, is mentioned as likely to succeed Earl Grey as governor general of Canada.

## Arrives in England.

SOUTHAMPTON, June 6.—Lord Selborne arrived here on Saturday. In reply to an address he said that he had not the influence and personality of the late king and the fact that he was the common sovereign of the whole people the South African union could not have been accomplished.

The Earl of Selborne is 51 years of age. He was created High Commissioner of the Transvaal and Orange River Colonies in 1905. In 1885 he first entered parliament, sitting as M. P. for Petersfield division until 1892, and from the latter year until 1895 for West Edinburgh. From 1895-1900 he held the position of under secretary for the colonies, following which he was created First Lord of the Admiralty, a position which he held until his appointment to the South African administration. The peerage is one of very modern creation, the earldom of Selborne and the viscountcy of Wolmer being conferred on his father, the Right Hon. Sir Roundell Palmer, in 1883. The first

(Continued on Page 3.)

INFRACTIONS OF  
MILLER LAW

Nine Cases Against Toronto People Charged With Breaking Anti-Betting Measure Stand Over

TORONTO, June 6.—Nine cases arising out of the alleged breaking of the new betting law were again remanded this morning, and will come up on June 13th. Three points are being raised by the crown upon which a decision will be required. The managers of the Globe, the World, and the Mail and Empire are charged with having broken the law by publishing the racing odds in their form charts. The proprietor of the Daily Racing Record is alleged to have furnished racing information which is against the law. The other defendants are news dealers, charged with selling papers published in the United States which contain tips on the races.

## Dr. Goldwin Smith's Condition

TORONTO, June 6.—Dr. Goldwin Smith's condition was slightly worse today.

## New Governor Sworn In

CHARLOTTETOWN, P. T. I., June 6.—Lieut.-Governor Rogers was sworn in today, the oath being administered by B. Boudreau, clerk of the privy council.

## Ship's Brake Unsuitable

WASHINGTON, June 6.—Although it was demonstrated by a practical trial on the battleship Indiana that what is known as the "ship brake" will undoubtedly stop a vessel in somewhat less time than where it is not employed, the device has been found unsuitable for naval use. The naval board which conducted the test holds that the brake, which resembles a barn door on either side of the ship, would soon become clogged with barnacles unless constantly employed. It would also increase the danger from torpedo attack; be a grave menace in close evolutions, and retard a ship's speed.

## MORE ADVICE ON OLD-TIME POINT

City Again Advised As to Its Statute Relative to Privileges Granted Clubs at Beacon Hill Park

Once again the question of the city's right to give any person or organization permission to erect pavilions or structures in Beacon Hill park, as in the case of the bowling and cricket clubs, has cropped up. And for about the third time, more or less, the council has the benefit of the advice of the city barrister, to whom the mayor recently applied for an opinion as to the possible legal results of such action on the part of the city.

Several times last year the then council considered the matter, and after getting advice from the city solicitor and barrister, had decided to refer the matter to the parks board, which was to secure an undertaking from the clubs using the park lands that they would, when called upon by the city, immediately remove any buildings erected, and surrender the use of the grounds temporarily given to them.

Recently H. Dallas Helmcken, K. C., secretary of the Pioneers' Society, wrote to the effect that it was five months since the present council took office and as yet, though he had addressed two communications to the board asking what action the council proposed to take in regard to the letting of portions of the public park to sporting aggregations, no reply had been forthcoming. Mr. Helmcken opined that this lack of action on the part of the council indicated all too clearly that the council had not the slightest idea of paying the least attention to the request of the society, which has been treated with distinct lack of respect.

### Latest Opinion

The latest opinion of the barrister, given recently to the mayor, was to the effect that as the city is not at liberty to give any exclusive right or privilege, the park being vested in trust for the purpose of use, recreation and enjoyment of the public, it would probably be well, in order to avoid any question being raised in future, to have the clubs give an undertaking that at any time, upon request from the city, they would remove any of its property from the park premises, the said undertaking to contain a further statement that the club understands perfectly that it has no right, power or privilege other than that enjoyed by its members as factors of the public.

The barrister's opinion will be adopted and an undertaking will be secured if one has not already been obtained by last year's board.

The city will request Mr. James Forman and Mr. John Dean to revise the civic assessment roll and advise the council where, in their opinion, the assessment is not high enough or too high. The roll has been prepared by City Assessor Northcott, and as the court of revision will meet soon, the work of Mr. Forman and Mr. Dean must be done at once.

Mayor Morley last night urged the necessity of appointing the court of revision and suggested that before sitting the court should go thoroughly over the assessment roll and study it so as to be in a position to intelligently adjudicate upon possible disputes.

### An Impartial Body

The city solicitor pointed out, however, that the court is supposed to be an impartial body, and should not give up its mind in advance of the sessions. But the council could go into the matter and then instruct the clerk or someone else to appear before the court and urge any objections there might be against the present assessment.

On the advice of Aldermen Mable and Sargison it was decided to request outsiders to do this work. The court of revision was named as follows: The mayor, Aldermen McKewen, Sargison, Bannerman and Raymond.

The report of the parks committee relative to limiting the speed of automobiles in Beacon Hill park to eight miles per hour was turned down, but other recommendations were adopted such as the securing from the engineer of an estimate of the cost, and plans, of suitable public dressing rooms and lavatories to be erected on the western slope of Beacon Hill; the purchasing of 22 folding chairs for band purposes at the North-West park; the repair of the Douglas street fountain; the location of a drinking fountain in the old Quadra street cemetery and other needed park improvements.

## INSURRECTION IN MEXICO

(Continued from Page 1.)

been learned. A strict censorship has now been established, and the original telegrams giving the first details of the uprising were sent before the government took charge of the news.

It is understood that the cause of the trouble is dissatisfaction on the part of the Indians over the government officials' decision regarding lands, but the exact points of controversy have not been made clear in the reports. It is not thought that any Americans are involved.

## HUGE RESERVE IS DECLARED

(Continued from Page 1.)

services of the main streams of the great west.

Scope of Order

On the additional 48,800 square miles just reserved, the effect of the reservation will be to withdraw the land from homestead entry or sale and the timber from disposal under licence. It is not intended, however, to withdraw the resources of the area from use, and the use of the timber, minerals, stone and other building materials, under certain specified restrictions, will not only be allowed, but encouraged. For hunting and trapping, it will be necessary to have a permit. The reserve will be under the administration of the forestry branch of the Department of the Interior.

LEAVES THURSDAY FOR LONDON

(Continued from Page 1.)

Lord Selborne, before assuming that title, was made Lord Chancellor by the title of Baron Selborne in 1872. The present Lord Selborne's wife, whom he married in 1883, was formerly Lady Beatrice Maude Cecil, a daughter of the third Marquis of Salisbury.

## MR MANN LEAVES FOR THE EAST

D. D. Mann, vice-president of the Canadian Northern system, left for the east yesterday, intending, however, to return to the Coast in less than four weeks, when a decision will have been arrived at relative to the route of the Victoria and Barkley Sound division of the C. N. R., and contracts for the first section will be awarded. Mr. Garrett Hughes, the engineer in charge of the company's railway interests on the island reached Victoria on Sunday in time to have a chat with Mr. Mann. His explorations are, to be pursued further before a decision is arrived at.

## THE TOLL OF THE FOREST

Many Lives Claimed by Logging Industry According to the Coroners' Reports—Three in a Day

Casual investigation of the records of coroners' reports and inquest verdicts for a period of twelve months past discloses the surprising fact that the men of the lumber camps of this province give up their lives in their perilous occupation, or are bruised and maimed if not killed outright by accidents therein, more often than do the followers of any of the other extra-hazardous trades, not excluding railroad, coal mining or gunpowder manufacture. The chance of death with the lumberjack is "all in the day's work."

His calling removes him from his family, his friends other than those of the camp and the fatal accident when it occurs to claim him as another victim in the conquering of the forest as a rule is heard of by the city newspapers only days or weeks after its occurrence, when if news is scarce it may command a paragraph—or, if not, a line or two. Coroners' inquests in the cases of sudden and violent death in the logging camps may be roughly computed as in the ratio of one in three of such humble tragedies, the cases of obviously pure accident being so many that official investigation would be a mere vexatious formality, and therefore is dispensed with, the coroner exercising jurisdiction in the neighborhood, merely reporting the circumstance with the decisive comment that "no inquest is deemed necessary." No fewer than three reports of this character were contained in the Attorney-General's mail yesterday, two being from Dr. Jeffs, of Vancouver—the hardest worked coroner in all British Columbia—and the third from one of the Kootenay officials. These three reports give one a glimpse into the perpetual menace of the logger's life. One of the victims whose death is told in these reports was John Beck, employed at Neils Morais camp at Hemling Bay "on May 19," the coroner, Dr. Jeffs, reports, "he was engaged with Thomas Fladerland in felling a tree. When the tree started to fall both ran to what they considered a safe distance. But the tree in falling struck or caught a dry tree, the top of which broke in several pieces, one of which struck the deceased on the head, fracturing his skull. Death must have been instantaneous. No inquest was considered necessary."

### Another Case

Charles Johnson was a logger engaged at Evans Bay, Read Island, with John Swanson, in getting out timber on contract for Walton Campbell. Swanson, who brought the body of his partner to Vancouver, told the story of how death came to Johnson, and Dr. Jeffs recorded the tragedy in a few brief but sufficient lines: "Johnson remained at the spring board when the tree started to fall. The top of the tree caught a standing tree and it slid back on the stump. Johnson jumped, but too late. He was caught and crushed against the log, his head and body being badly mangled. No inquest necessary."

Another case was that of Patrick Moran, a logger working a fortnight ago in a camp six miles east of Cascade, and himself one of the picked men of the camp. The district coroner writes of the passing of Pat Moran: "His death was caused by a violent blow in the stomach, a solar plexus death by a long cedar pole, which was made to rebound when struck by a tree that was felled across it."

## WOULD CHASTISE DISLOYAL EDITOR

Penticton Citizens Indignant and Editorial References Lamented Majesty

W. J. Clement, editor and proprietor of the Penticton Press, has found himself the centre of a very active storm-cloud lately, which even threatened to induce his removal from the district. He saw fit to publish an editorial article in his paper of the 28th of May last, under the caption "Mock Loyalty and Mock Mourning." The article in question has provoked unqualified censure for Editor Clement from his professional brethren, one of the most neighborly of whom has described the objectionable tirade as "the limit" in "its ghoulish coarseness in expression of disloyal sentiment."

Public exasperation or indignation in Penticton itself took such tangible form that on Monday evening last a vigilantes' party was organized and a visit paid to the office of the offending editor—not, as has been stated in one or

"The Better Value Store"

Near City Hall

two of the sensation-loving papers of the neighbor state, "with the intention of lynching the disloyal journalist," but merely to demand a retraction and apology for the offensive publication, with the alternative of a ducking in a conveniently contiguous pond. The last issue of the "Press" tells of the subsequent proceedings (from the editor's viewpoint) in the following fashion:

"The editor refused their demand, whereupon the mob seized him and dragged him out with the avowed intention of throwing him into a pool of filthy water. Three citizens came to the assistance of the editor, however, and things were pretty lively for a few minutes. The ringleader was choked, ducked and rolled in the mud and water, number of the other prominent rioters were thoroughly punched and clubbed. Arotner who had taken a brave part when he alone with eight or ten others had only one man to handle, succumbed as soon as a man got a hold of him. The rest of the rowdy crowd fled like jackals. The editor got little more than his feet wet. Seven of the most prominent members of the mob were arraigned before Stipendiary Magistrate Guernsey on Wednesday and fined \$10 and costs each."

A more independent version of the vengeance party's expedition credits the assailants of the editor with desisting from execution of their original programme in deference rather to protests against a breach of the peace than to physical arguments pressed by the editor and those who as law respecting citizens had come to his defence.

The greater part of the original article which is so strongly resented both in the district of publication and throughout the province generally reads as follows:

"If one were to form his judgment from the space occupied in the public press for the past three weeks, he would think that the death of King Edward was about the only thing that

ever happened. To what purpose is all this nonsense, this pretended mourning on the part of people who know little and care less about who occupies the British throne? Most of our people came to Canada to get away from the embroidery and gold lace class that has from time immemorial ground the very life out of the populace. We have nothing to say against King Edward VII. We believe that during his short reign he occupied the throne with credit but he was a man and only a man, and is deserving of eulogy only insofar as his character, judged by the standards of men, was worthy of eulogy. More fuss has been made about him than if he were God incarnate, and yet he was no better, if as good, from moral standpoint than an ordinary citizen. We see in the present demonstrations an effort

on the part of the nobility to retain its hold in the British Isles. This parasitic class, the satellites of the throne, at once give voice to great grief on the death of a monarch. All the servants of the nobility, the gamekeepers, the hostlers, the gardeners, the clergy, and all the officials who hold their positions from the hands of the nobles, mournfully utter 'the world is sorry.' The merchant who sells to the aristocracy and royalty the wares which are consumed in extravagance or vice repeats the cry 'the world is sorry.' The populace, who seldom do their own thinking, echo 'the world is sorry.' The colonies take up the refrain; the government at Ottawa squanders thirty-five thousand dollars in draping the government buildings in black. What nonsense for a free people!"

#### THE YELLOW PERIL

Collier's says: "A returned missionary from China rises to remark that the Yellow Peril is industrial," and then proceeds to discuss it from the standpoint of the man who finds his collar button-hole broken or the cuffs of his shirt frayed. We are far from thinking it wise to be serious all the time. Fun is the most healthful thing in the world; but sometimes it is possible to be funny out of season, and we submit this is the case when it comes to speaking of the industrial peril with which China threatens the world. The vastness of the resources of the Chinese Empire is incalculable, and they have hardly as yet been exploited at all, according to modern ideas. In the two items of iron ore and coal China leads the world, and the history of civilization is the history of the utilization of coal and iron. With these great factors, China has an abundance of labor which is cheap and efficient. It may not be quite as efficient as white labor. Indeed, experience in the iron plants of China shows that it is not, but the difference is so small, not more than ten per cent., as to be negligible in view of the great difference in the cost of wages.

As the problem presents itself to us, the handicaps of Occidental nations are those that arise from the approximate exhaustion of raw material and the fact that the production of finished products is made as expensive with us as it possibly can be. The latter handicap seems to be inevitable. We live on a higher standard, or at least a more expensive standard than the Chinese. Hence, we need higher wages. We work shorter hours; therefore we produce less in a day. It is probable that the longer hours, for which the Chinaman in China is satisfied to work, more than make up for the small percentage of relative inefficiency that must be set against him. Under these circumstances the statement of the "returned missionary" is not one to be brushed aside as a joke. John Chinaman has come to America and done our washing for us; but the person who thinks he is not above the level of a washerman had better study him more closely. To do so he need go no further than the Pacific Coast of America, for he will find here abundant proof that the Chinaman is in many respects the equal of the white man, not only in manual labor but in the field of enterprise. When we see Chinamen in Victoria and Vancouver taking advantage of the progress of those cities to buy expensive real estate and erect business blocks to be occupied by white men, when we know that some of them are at the head of great enterprises in their native land, we are inclined to look upon their race as competitors in the markets of the world with a feeling very far removed from levity. We shall not discuss in this connection the effect upon Chinese competition of the demonization of silver. That is another branch of the subject. It strengthens the position of the Chinese producer; it handicaps the Occidental producer in the Oriental market. But this may be remedied; the remedy, however, would not touch the fundamental advantages which the Chinaman has. The yellow peril is very real. It does not consist in armies marching westward to overrun Europe after the manner of Genghis or Timur. This may or may not ever happen. The invasion of the Occident by the China man will be a peaceful one, and he would be a wise man who could tell us how to meet it.

#### WATER FINDING

A correspondent doubts if the gift of "water-finding" is as rare as was suggested in an article in Sunday's Colonist. She is probably right. This faculty of finding water is not confined to a few people, although it is infrequent that any practical use is made of it. It would be easy to cite many cases of it, but two will suffice. It was ordered by the government of a certain county that a well should be dug to supply the gaol. The gaoler had a water-finder take a forked twig of hazel and locate a probable source. He reported the result to the official, who had the authority to order the work done, who laughed at it; but at the suggestion of the water-finder he tried the experiment himself, and found the twig bend down so strongly in his hands as to loosen the bark from the wood. The well was dug, and water was found at 80 feet. Not very long ago, near Victoria, a man was speaking of the skill at finding water of another in his employ, and he showed how the twig was used. A lady in the party took the twig and walked

around an area of about a quarter of an acre, and the twig turned down at several points. Then the "expert" was sent for, and he was not told that any one else had experimented. He was asked to take the same course that the lady had followed, and did so, the twig, which was of willow, turning down in the same places as it had when the lady tried it. In the first case there was similar action, although the official was an absolute disbeliever in the possibility of the twig acting; in the second case there was absolutely no collusion. The second case was not proved by digging.

Instances like these can be multiplied over and over again. What is called witch-hazel took its name from the fact that forked twigs of it were used to locate hidden springs of water. Scientific people ridicule the whole matter. They declare it to be impossible that water hidden below the soil can affect a stick in the hands of a man who happens to walk above it, but there is no getting away from the very numerous cases in which water has been found in this way. The subject seems to be one for scientific inquiry. There is nothing uncanny about it, as some people think.

#### "A LEAGUE OF FEDERALISTS"

What is known as a "League of Federalists" has been organized in New York, and Mr. Hugh J. Chisholm, a native-born Canadian, is at the head of it. The objects of the League are sufficiently ambitious. Mr. Chisholm thus defined them in an interview printed in the New York Times:

The matter can be outlined very briefly. I am a Canadian by birth, but American by adoption and grace. I entertain the highest regard for the British Empire and anything I can do to assist its Motherland is matter to me of pride and affection. The various members of the League of Federalists cherish these sentiments; but the real objective of the league is to promote the Federal system of governing, not merely in the British Empire but universally.

We want to teach the lessons of Federalism as the panacea for war. Whenever we discover, or believe we discover, a Federal emergence in its cradle stages, there we will direct our searchlights. We believe that no Hague conferences, but that Federalism and Federalism alone will bring to a jarring world peace and goodwill. Canada, the land of my birth; this mighty Republic of States, Germany, Switzerland, Mexico—all these countries have found salvation through Federalism, and it is not too much to say that the Federal system of governing is an American discovery; that Hamilton and Washington lit the lamp and that it is our duty to keep it burning.

The world has become tired of government on the South American plan. The day may come when completing the Monroe Doctrine, we may insist that those Spanish American Republics south of Panama federate and disarm. Again how much it might make for the peace of Europe and the world did Austria federate and presently attract to her Federation the neighboring Balkan States.

We had not seen Mr. Chisholm's interview at the time the article on the federation of the United Kingdom was written, although we knew that a movement was on foot to disseminate the principles of federalism. The subject is of the greatest interest apart, altogether from its hearing upon the affairs of the United Kingdom. No one can deny that the federation of the British North American provinces has been of vast benefit to each of them, and has been the means of bringing about a better understanding between the people inhabiting them. The suggestion that South American should be federated is an alluring one, although we must confess to less optimism than is necessary to inspire a hope that it can be accomplished very soon. There are, however, in that great continent all the elements necessary for the creation of a powerful federation of republics. That far-seeing statesman, James G. Blaine, dreamed of a union that would embrace all America, and the frustration of his efforts to promote the preliminary steps to that end was a great disappointment to him. The Bureau of American Republics, established at Washington, D. C., through the liberality of Mr. Andrew Carnegie, is an attempt to reach in another way the object to which Mr. Blaine devoted so much labor. Mr. Carnegie also hopes that this Bureau will be the means of promoting peace between the several nations represented on it.

Mr. Chisholm says that Sir Wilfrid Laurier and Earl Grey hold views similar to his in regard to the advantage which federation would be to the United Kingdom, especially so far as the pacification of Ireland is concerned, and he believes that Mr. Redmond's position is one that will never lead to satisfactory results.

#### COURT BUSINESS

Rather an unusual incident occurred before Mr. Justice Gregory yesterday, when His Lordship asked the views of the members of the Bar in respect to his going to Vancouver to assist in clearing up the arrears of business there. There was a chorus of protest from the lawyers present.

To most laymen it will appear extraordinary that since the appointment of an Appellate Court there should be such a congestion that the observations of the members of the Victoria Bar should be called for. It is true that Mr. Justice Morrison is away on a vacation, and the work which he would do has to be taken by others. It is also true that the judges seem hard worked. They appear to be busy all the time. What, then, is the matter? Can it be that

the whole system of legal practice in this province is too long drawn out? Is it possible that with all the efforts that have been made at simplifying practice it has been made more complicated and cumbersome. There is a good deal of complaint by suitors about the length of time necessary to get a case disposed of. If five Supreme and five Appeal Court justices cannot dispose of the present legal business of British Columbia, one shudders to think of what may happen when the province gets a little better populated and we have a few more centres of litigation. We are sure the fault is not with the judges; we do not like to think it is with the Bar. We conclude, therefore, that it must be with the system.

The "Mad" Mullah's forces have been severely defeated. He will be madder than ever.

It is now alleged that golf was originally a Dutch game. Hoot no! Not iss dot?

It is now said that the Manila floating dock Dewey was sunk under such circumstances as justify the theory that it was the result of a conspiracy.

Compulsory military service in South Africa is all right of course, but— Well, Mr. Villiers told us at the Canadian Club luncheon that South Africa was hardly worth keeping.

The Vancouver Province says it is "in the air" that Lord Grey may be asked to serve another term as Governor-General. We fancy that this is a case where the wish is father to the thought—and a good thought it is.

Congressman Sulzer says the next war will be on the sea; Aviator Curtis says it will be in the air; Colonel Roosevelt is nominated as international umpire. By all means let us have peace.

The Rev. C. E. Cooper marching with his squad of Boy Scouts was a fine example of the Church militant. But, speaking seriously, the interest which the reverend gentleman is taking in this admirable organization is worthy of the highest praise.

And now the astronomers tell us that there is a planet between Mercury and the Sun and another beyond the orbit of Neptune. They have not seen them, but they are sure they are there. That's very good. The existence and position of Neptune were figured out before the planet was discovered; but our present day astronomers made such a miscalculation about Halley's comet that what they say will be received with many grains of salt.

Western Ontario has had quite a serious time with rabies, although happily the loss of human life has been very small. It is now said that the disease is spreading to Manitoba. The Dominion veterinary has been asked by many of the Ontario people to rescind his order requiring all dogs to be muzzled, but he has refused to do so. Such a request seems unreasonable. Rabies ought to be stamped out, no matter how many dogs are inconvenienced by having to wear muzzles.

Man asked a girl in Montreal to marry him; girl refused; man persisted; girl again refused; man refused to be repulsed; mother appeared on the scene; mother proceeded to slap face of man; man prosecuted for assault; court held mother was within her rights. Verily love's young dream is growing dangerous. The right of the father to apply his toe to a convenient part of an objectionable suitor's anatomy has never been questioned, that is if the comic papers understand the law; and now that the mother may proceed with arms to end an undesirable courtship, it will become necessary shortly to make love by telephone.

Can it be that the administration of the affairs of Victoria is beset with as many difficulties as it seems to be? Nearly every week we are told that something cannot be done because of something that some one has done or omitted to do, or because the City Solicitor has said this, that or the other thing. Every little while the City Barrister has to be called upon to advise about something, when it is at a stage where all legal questions ought to have been previously disposed of. To an outsider it seems as if the members of the administration were pulling in contrary directions, yet we do not for a moment suppose that they are. But what is the matter?

There is a prospect that the embargo upon cattle imported from Canada into the United Kingdom will very shortly be removed. At present all Canadian cattle must be killed immediately upon arrival in the Mother Country, and as the loss in weight and quality on an ocean voyage is heavy, the effect of the embargo is to depreciate the value of live stock from the Dominion. When the new arrangement comes into effect, cattle from Canada may be fattened in the United Kingdom, and they will therefore bring better prices here, while it is claimed the beef can be sold more cheaply to British consumers. If the change will help both producers and consumers it certainly ought not to be delayed. There is no valid reason for retaining the embargo.

### TRY ONE OF THESE "RAGSTYLE" RUGS

Bright and breezy colorings and patterns and built to withstand lots of hard wear—those are the main features making these Ragstyle Rugs the most popular of Summer floor coverings. These are made in the same substantial manner as the carpets of grandmother days, but with this difference—they are made from clean, new rags, and in attractive patterns.

We are sole agents and we cordially invite you to come in and inspect these interesting rugs. Try one for this Summer.

#### PRISCILLA RUGS

These are made of the unbleached muslin, dyed in fast colors—washable. These rugs are woven "hit and miss" designs, with plain or white colors. Excellent for bedrooms.

Size 30 x 30 in. .... \$2.75  
Size 4 x 7 ft. .... \$6.00  
Size 8 x 10 ft. .... \$17.00  
Size 9 x 12 ft. .... \$22.50

#### FIRESIDE RUGS

The fireside rug is one of the latest styles, in the Old Colonial "hit or miss" effects. A dozen or more color effects on white and green wraps. Excellent for fireside use.

Size 30 x 30 in. .... \$2.00  
Size 4 x 7 ft. .... \$4.50  
Size 8 x 10 ft. .... \$12.00  
Size 9 x 12 ft. .... \$16.00

#### COLONIAL POSTER RUGS

One of the most attractive styles. Poster effect.  
Size 3 x 6 ft. .... \$4.50  
Size 6 x 9 ft. .... \$14.00  
Size 9 x 12 ft. .... \$27.50

#### MARTHA WASHINGTON RUGS

Ideal for bedroom use.  
Size 27 x 54 in. .... \$3.00  
Size 3 x 6 ft. .... \$5.00

### BAMBOO PORCH SCREENS, GREEN OR NATURAL

It's nice to enjoy the warm comfort of a sunny balcony or porch, but sometimes in the Summer months the sun gets just a little too strong for comfort. Right there is where the bamboo porch screen comes in. These porch screens are made of split bamboo, and we have them in either green or natural shades. The cost is little and they are ideal for either town or Summer house.

Size 4 ft. x 8 ft., from \$1.50 to ..... \$1.00  
Size 6 ft. x 8 ft., from \$2.00 to ..... \$1.50  
Size 8 ft. x 8 ft., from \$2.25 to ..... \$1.75  
Size 10 ft. x 8 ft., from \$3.50 to ..... \$2.25

### BEAUTIFUL NEW TABLE LINENS TODAY

The linen mills of Northern Ireland are famous for their table linen productions. The beautiful, satiny, snowy white linens that come from this section of the world are the delight of the homemaker, who realizes the important fact that if the table linen isn't just right the "table" isn't right. Matters not how dainty the other furnishings may be—must have nice linen.

We have just received a big shipment of dainty linens for table use—direct from one of the largest Irish mills, and we invite you to come in and see some unusually nice table linen. Patterns are pretty and there's an excellent assortment.

Even though the first cost may be slightly more you'll find it pays to buy reliable linens in preference to ordinary sorts. But our prices on these superior linens are no higher than you'll find asked for those other kinds. Best plan is to come in and inspect at close range.

You'll Find it Pays to Buy GOOD Linens

Table Cloths—Size 72 x 72 in. At \$3.25 to ..... \$2.50  
Table Cloths—Size 72 x 90 in. At \$4.00 to ..... \$3.00  
Table Cloths—Size 72 x 108 in. At ..... \$6.00  
Table Cloths—Size 90 x 90 in. At ..... \$6.50

Table Cloths—Size 72 x 144 in. At ..... \$8.00  
Table Cloths—Size 90 x 144 in. At ..... \$10.50  
Table Cloths—Size 90 x 162 in. At ..... \$12.00

## SOCIAL AND PERSONAL

Mr. F. J. Fulton, K.C., has returned to Kamloops.

Hon. W. J. Bowser returned from Vancouver yesterday afternoon.

Mr. D. D. Mann returned east yesterday.

Mr. George McCandless arrived from New York yesterday.

Miss Scott is in town from Duncan, on a short visit.

Mrs. J. H. Freeman will receive tomorrow, and not again until October.

Col. Gasoline went over to Vancouver last evening on the Charmer.

Thomas Hooper, architect, left last night on a business trip to Vancouver.

Dr. Hostwick left last night on the Charmer for Vancouver.

Messrs. G. M. Davis and W. R. McPaul are visiting northern Cariboo.

Mr. James Donald returned by the steamer Princess Charlotte yesterday from the Northwest Territories.

Alderman A. G. Sargison returned yesterday from Vancouver, where he spent the week end on business.

Mr. J. A. Hartley has removed from Phoenix to become a resident of this city.

Mr. F. H. Shepherd, chief inspector of coal mines, has returned to Nanaimo.

Hon. Dr. Young, Provincial Secretary, returned yesterday from a visit to the mainland.

Mr. J. F. Blesoe, M.E., general manager of the G.T.P. Land Co., of Vancouver, is a guest at the Empress.

Mr. R. W. Hodson, Provincial Livestock Commissioner, returned from the mainland on Sunday last.

Mrs. Sandford, of 1532 Richmond avenue, will receive today, and not again until October.

Mrs. G. T. Boulding, of 1794 Richmond avenue, will receive today, and not again until October.

Mr. and Mrs. O. Bagley, and Mr. and Mrs. Walker, from Vancouver, were week end visitors in town.

Mr. and Mrs. Robert Reid from Port Townsend, spent the week end in Victoria.

Mrs. M. Allderale Grainger will not receive again till the first Wednesday in October.

Mrs. F. Robertson, of 1403 Harrison street, will not receive tomorrow nor again during the summer months.

Mr. and Mrs. Percy Wollaston, of Oak Bay avenue, have gone to Alberni on a fortnight's visit.

Mr. and Mrs. D. Watson are recent arrivals in town from England, and are guests at the Empress.

Rev. and Mrs. C. E. Cooper have returned to Victoria, after a visit on the mainland.

Colonel Wilson is a visitor in town. He has recently arrived from the Old Country, and is a guest at the Empress.

Owing to the indisposition of her mother, Mrs. C. G. S. Duncan, 1027 Fort street, is not receiving until further notice.

The engagement is announced of Miss Ena White and Mr. Montague Burge, late of the King's Own Hussars.

Mrs. G. Jennings Burnett and her daughter were passengers on the Princess Victoria last evening for a visit to the mainland cities.

Sir Wilfrid and Lady Laurier were last week in Toronto, the guests of Senator and Mrs. Melville Jones, at "Lawheaden."

Mrs. J. H. Bushnell, of Vancouver, is visiting in Victoria with her children and expects to remain here for a few weeks.

Mrs. F. Fulton is visiting her aunt, Mrs. Stevenson, Burdette avenue.

Mr. and Mrs. Murray Potts, of Vancouver, are in town on a short visit.

Mr. J. C. Donald, of Vancouver, is enjoying a holiday on the island.

Rev. Dean O'Meara is visiting the provincial mainland.

Miss K. Gaudin sails on Thursday 9th, from California, on her return to her home in Victoria.

Mr. A. R. Creagh, who has been in town on a business visit, has returned to the Terminal City.

Mr. and Mrs. E. A. Jacob are camping at Kanaka Ranch for the summer months.

Miss Maud Wilson, from Duncan, has been the guest of Mrs. Innis-Hopkins, Esquimalt road.

Mr. Daniel Seater is over from Vancouver to visit his brother who is seriously ill.

Mrs. J. H. Bushnell and her children, of the Terminal City, are here to spend a month's holiday.

Mr. Thomas Gifford, Jr., has returned to New Westminster after a fortnight's visit with Victoria friends.

Rev. and Mrs. W. Baugh Allen, of Esquimalt, have returned from a short visit with mainland friends.

Mr. and Mrs. Walter Brookfield and their son, Piers, of Halifax, Nova Scotia, who have spent the past six months in California, are visiting in the city and are staying at Rockabell.

C. H. Burr and two children left yesterday, via the C.P.R., for New York, whence they will sail on the American liner St. Paul, on a three months' trip to England.

Mrs. Hayter Reed and Mrs. Douglas Armour have left Vancouver for the east. They will spend some time at the various mountain resorts before going on to Montreal.

Mrs. Royds and her daughter Miss Dulcie have returned to Chilliwack. They are accompanied by Miss Phyllis Wollaston who will spend a short holiday with her cousins.

Mrs. J. L. Skene and her sister, Mrs. J. Adams, left yesterday by the Northern Pacific for St. Paul, having been called there owing to the illness of their mother.

The marriage of Mr. Arthur LeVillie Ingraham and Miss Margaret McNeill Carroll, both of Victoria, was solemnized at the Presbyterian manse, Nanaimo, on Saturday last. Rev. G. R. Robertson officiating.

The marriage of Mr. Guy Penington Goddard, of the lands department, to Miss Marion Buckingham, of London, England, will take place in Chicago tomorrow.

Mr. W. A. Jameson, Mr. J. B. Corley, and wife, and Mr. Spencer, were among those who left yesterday en route to Portland by the Northern Pacific Railroad to attend the Rose Festival.

Mr. E. O. S. Scholefield, Provincial Librarian, returned yesterday from the general meeting of the American Librarians' Association, just held in Portland, bringing Dr. A. E. Bostwick, president of that association with him, as his guest.

Mr. J. B. Corley, deputy post office inspector of Calgary, Alta, accompanied by his wife, are guests of Mr. and Mrs. Ed. D. Allan. Mr. and Mrs. Corley were among the passengers to arrive from Honolulu on the Manuka last week.

Major R. F. Moore (retired), lately of Royal Engineers, Rangoon, India, arrived in Victoria a few days ago, and with his wife and daughter have taken up their residence here. They have rented a residence in the east end, which they will occupy temporarily. Major Moore and family are charmed with Victoria.

Mrs. George Alexander, of Vancouver has left for England, accompanied by her daughter, Miss Elsie Alexander, whom she is taking to London to begin a course in music of three years at the Royal Academy. Mrs. Alexander will remain abroad for a year. Mr. Alexander and his son and Mr. Andrew Milne went with them as far as Mission.

R. Marpole, vice-president of the E. & N. Railway Co., arrived from Vancouver yesterday afternoon, and is a guest at the Empress hotel. He is on his regular official visit to the island, and will be here several days. Last night he stated that he had nothing to add to what has already been published concerning the land clearing operations, the Comox extension, or the Alberni branch. In every instance the work was making satisfactory progress.

A wedding of interest to a number of friends of the groom, who was very popular in football circles and sports while here in H.M.S. Warspite several years ago, was that of Mr. Jno. C. Matters, notice of which appears in the Western Morning News, Plymouth, Devon, England, as follows: "Matters-Palmerweather-May 14th, at Emmanuel Church, Plymouth, by the Rev. G. B. Berry, vicar, assisted by the Rev. G. W. Ward, vicar of Holy Trinity, Carnmenellis, Cornwall. John Charles, engineer-lieutenant, R.N., H.M.S. King Arthur, only son of Mr. and Mrs. Matters, Stoke, Devonport, to Ada Mary, only daughter of the late James George Palmerweather and Mrs. Fairweather, Bradreth Road, Mannamead, Plymouth."

On Saturday afternoon Mrs. Fagan, Esquimalt road gave a very delightful musical tea each guest representing music in honor of the Misses Brown of New Westminster who are her guests. The tea table was artistically arranged with quantities of yellow flowers, and the hall and dining room were decorated with roses. Among those present were Mrs. Coles, Mrs. Beauchamp-Tye, the Misses Day, The Misses McDowells, The Misses Lugin, The Misses Ellis, The Misses Montelth, The Misses Devereux, The Misses Lawson, The Misses Brown, Miss Johnson, Miss Bowron, Miss Harvard, Miss Bryden, Miss Gaudin, Miss Peters, Miss Helmcken, Miss Hoyland, Miss Newling, Miss Murray, Miss Phipps, Miss Cross, Miss Foll, Miss Blackwood, Miss Mara, Miss Fitzgibbon. The prize winners were: Miss Helmcken for the best represented song, Miss Lawson for the best recitation and Miss Bowron for the consolation prize.

# "All Soft Silks Are Good"

So says a great authority upon silks. The test of popular demand here in Victoria's foremost store for silks proves that soft weaves are most in order for this Summer. Pongees have a tremendous run, so have foulards. These offerings are proving very attractive:

PONGEE, natural shade, 27 in. wide. Per yard ..... 45¢

PONGEE, natural shade, 34 in. wide, per yard, \$1.50, \$1.25, \$1.00, 85¢ and ..... 65¢

FOULARD SILK, handsome Paisley patterns, 23 in. wide. Per yard ..... 75¢

SHOT SILK, lovely fancy stripe, all colors, very special. Per yard ..... 75¢

SUMMER SILKS, pretty stripes, all colors. Per yard ..... 65¢

HERRINGBONE STRIPES, beautiful summer silks, all colors. Per yard ..... 85¢

FANCY SILKS, very latest novelty stripe, all colors. Per yard ..... 90¢

## 2-Piece Outing Suits \$15 to \$22

For hot days down-town—for week-end trips—for holiday time—these two-piece Suits are delightfully cool and comfortable. They are mostly English Flannels and Worsted, greys and blues with stripes, although Homespuns are in big demand. They are snappy, breezy Summer styles, originated especially for Summer needs.

And there is one thing certain—a Fit-Reform 2-piece Suit holds its shape. It is designed and tailored right.

Just slip into one of these Flannel or Homespun or Worsted Suits, if you want to feel ease and comfort.

\$15 to \$22—and worth \$5 more.

## NEWS OF THE CITY

### Friendly Help Society

The Friendly Help association meets  
this morning at 11 o'clock at the rooms  
in the market hall.

### Race Meet Permit

The Oak Bay council has granted  
a permit to the B. C. Agricultural As-  
sociation for the holding of a three-  
day race meet at the fair grounds  
from and including September 29th of  
this year.

### Reward Offered

A reward of fifty dollars has been  
offered by J. H. Todd & Sons for the  
recovery of the body of Bert Alexan-  
der, the man who fell from the pile-  
driver last week and was drowned off  
Muir Creek.

### Gets Provincial Appointment

S. B. Beys, a former member of the  
Royal North West Mounted Police and  
of the Vancouver police department,  
has been appointed provincial coroner,  
stable and assistant in the government  
office, with headquarters at Lillooet.  
He will assume his duties at once.

### Leakage Reduced

The level of the water in Smith's  
Hill reservoir has been lowered to the  
thirteen feet mark, where the leakage  
which lately became pronounced is now  
about 150,000 gallons per day. The  
water will be kept at about its present  
level, which will assure a sufficient  
supply of water for the city and ade-  
quate pressure in case of fires.

### Underground System

Work on the construction of the un-  
derground conduit for the telephone  
wires which will be put underground  
on Douglas street started yesterday,  
and will be rushed to completion. This  
work will ultimately become part of  
the larger underground system, which  
will include the whole of the down-  
town business section.

### Pier Island Sold

Pier Island, formerly the property  
of Captain Oliver Phillips Wolley, and  
the residence which he occupied, have  
been purchased by Mr. J. S. Harvey,  
who is now making his home there.  
The island contains 250 acres, and is  
one of the most desirable tracts of  
land lying in the Straits of Georgia.  
The deal was negotiated by Messrs.  
Hart & Gillespie.

### Caught in Vancouver

Bert Walker, alias Snider, and John  
McKay, two men arrested on Sunday  
by the Vancouver authorities, at the  
request of the local police, will be  
brought here today and charged with  
theft of a camera from the drug store  
of 12 Williams government street, and  
a number of safety razors from Bowes'  
drug store. The thefts were committed  
on May 24th.

### National Park

Two subjects of considerable im-  
portance to come before the regular  
monthly meeting of the board of trade  
on Thursday afternoon next, are the  
report of the committee on the reser-  
vation of Crown lands for a national  
park on Vancouver Island, and the  
report of a committee on the  
Companies' Act, which comes into  
force on the 1st proximo.

### Municipal Wages

Drawing attention to the rate of  
wages paid to municipal employees  
in the Victoria and Oak Bay districts  
Councillor McGregor explained at the  
meeting of the latter council last  
night that laborers were paid \$2.50  
per day in Oak Bay as compared with  
\$2.25 in the city because in the for-  
mer case time and money were spent  
in going to the scene of their work.

### Men's Bible Class to Meet

Members of the Men's Bible Class  
of St. Andrew's Presbyterian Church  
are requested to meet this evening at  
8 o'clock in the lecture-room, for the  
purpose of meeting Mr. Elliot, who is  
on his way to the West Coast to take  
up his duties as missionary. Mr.  
Elliot is the second man that the class  
has undertaken to assist, and it is  
hoped that all members will be pre-  
sent to meet him this evening.

### Gasoline Explodes

The explosion of a plumber's torch,  
which caused a small blaze by setting  
fire to a quantity of tar, gave the fire  
brigade a run to the new Garesche  
Block, now in course of erection on  
Johnson street, east of the Mable Car-  
riage Works. The fire was blazing  
merrily when the brigade arrived, but  
was soon put out by a stream from the  
chemical engine. The damage was  
practically nil.

### Efficient Apparatus

Today the chemical engine attach-  
ment will be installed on the automo-  
bile recently purchased for the fire  
chief, and hereafter the brigade will be  
equipped still more efficient in getting  
to incipient fires at a much greater  
rate of speed than heretofore. Chief  
Davis figures that by reason of the  
greater speed in responding to alarms  
with the automobile, many fires which  
might otherwise prove serious will be  
put out by the new apparatus.

### Tramway Traffic Returns

The cutting out of the Victoria Day  
celebration this year had the effect of  
reducing the monthly traffic returns of  
the local lines of the B. C. Electric  
Company, the total number of passen-  
gers carried during May of this year  
consequently showing a slight decrease  
from that of the same month a year  
ago. Last month the aggregate num-  
ber of passengers carried was 47,234,  
while a year ago the total was 47,968.  
But for the year to date the increase  
in passenger traffic has been marked.  
From January 1 to May 31, the total  
traffic was 2,013,839, while for the  
same period last year the total was  
1,820,545, the increase this year being  
ten per cent.

### Many Permits Issued

Yesterday was a brisk day with the  
building inspector, a considerable  
number of building permits being ap-  
plied for and issued. Those who sought  
civic consent to the erection of build-  
ings were Frederick Harper, dwelling  
on King's road, to cost \$2,700; William  
J. D. Corbett, dwelling on Jackson st.,  
\$750; Messrs. McLean Bros., two  
dwellings on King's road to cost \$1,800  
and \$1,750; Mrs. M. McDowell,  
dwelling on Blanchard st. \$3,500; the  
Trustees of the Methodist church, al-  
terations to building at the corner of  
Quadra and Johnson sts. \$250; Daniel  
Aranson, dwelling, Higgins ave. \$600;  
T. H. Leeming, dwelling, Dallas road,  
\$1,000; Dr. Geo. W. Hall, alterations to  
building opposite the court house,  
Langley st. \$2,800.

## THE WEATHER

Meteorological office, Victoria, B. C.,  
at 8 p. m., June 6, 1910:  
SYNOPSIS.

An area of low barometric pressure  
overlies the region of the Rocky Moun-  
tains while on the coast and in Man-  
itoba respectively the pressure is only  
moderately high. Showers have fallen  
on the lower mainland and a thunder-  
storm with rainfall occurred at Edmon-  
ton. Temperatures have been below  
normal on the coast, but higher in the  
inter-mountain districts of the North  
Pacific states and higher generally in  
the Prairie provinces.

### TEMPERATURE.

|                         | Min. | Max. |
|-------------------------|------|------|
| Victoria.....           | 53   | 62   |
| Vancouver.....          | 51   | 60   |

glass, plain cut-glass, etc.

A wide choice. Prices mark-  
ed as low as possible for  
this occasion. See our Win-  
dow display.

## W.H. Wilkerson

The Jeweler

915 GOVERNMENT ST.

Tel. 1606

### Made Veterinary Inspector.

At the Department of Agriculture  
the announcement has been made that  
Dr. White, of Gateway, has been ad-  
ded to the staff of provincial veteri-  
nary inspectors, his jurisdiction being  
lower Vancouver Island.

### No Delay Likely.

In regard to recent protests against  
the enforcement of the provision of  
the new Companies' Act, the Attorney  
General does not consider the case  
made out by the movers in the mat-  
ter as an especially strong or logical  
one and it is highly improbable that  
the enforcement of the act will be de-  
layed.

### Pleased With Victoria.

Deputy Minister of Agriculture Scott  
has been busily employed during the  
past few days in entertaining the vis-  
iting members of Editor Frier's party  
of English investing home-seekers,  
who have been taken to Gordon Head  
the Palmer orchards and numerous  
other local points of special attrac-  
tion to them. Yesterday they went  
to Duncan on a tour of personal and  
"non-conducted" investigation. Had  
we not seen these farms and  
orchards in the vicinity of Victoria,  
said one of the party on Sunday, "we  
would have accepted the Nelson dis-  
trict as a British Columbia Eden.  
Now with Victoria the last word  
must have been said." A num-  
ber of the party will prob-  
ably invest in homes and fruit farm-  
ing properties in the vicinity of Nel-  
son, while others will come to Van-  
couver Island.

Blouse Bargains at the Beehive,

## PRESCRIPTIONS

There's more in a Prescription than  
goes in the bottle. Along  
with the drugs prescribed by the  
doctor, there is, or should be, the  
knowledge, skill and experience  
of a trained chemist. Then the  
DRUGS SHOULD BE  
PURE AND FRESH  
must be both if they are to do  
the work intended by the phy-  
sician. Remember the next time  
you need to have a Prescription  
filled to go to

## HALL'S

Central Drug Store,  
N.E. Cor. Yates and Douglas  
Tel. 201

Lame shoulder is almost invariably  
caused by rheumatism of the muscles  
and yields quickly to the free applica-  
tion of Chamberlain's Liniment.  
This liniment is not only prompt and  
effective, but in no way disagreeable  
to use. Sold by all druggists.

Before buying a typewriter see the  
Empire. Cheapest and best machine  
made—Victoria Book and Stationery  
Co., Limited.

## NEWS OF THE CITY

### Ferry Contracts Renewed

The contracts for the operation of  
the Spillimheen and Kelowna ferries  
have been renewed by the Government,  
the holders being respectively H. A.  
Love and Leonard A. Hayman.

### Young Woman's Club

The Young Woman's Club of the  
Metropolitan Methodist Church holds  
its closing meeting of the summer on  
Wednesday at 8 p.m. in the school-  
room.

### Dynamite For Goal

To assist in needed work within the  
provincial goal grounds the city will  
grant permission to the goal authorities  
to store some fifty pounds of  
dynamite there, the fire chief to  
regulate the method of storing and  
use.

### Want Civic Aid

The local Christian Endeavor so-  
cieties are asking the city council for  
a grant of \$200 towards the fund for  
the entertainment of the 250 or more  
delegates who will attend the forth-  
coming annual convention of provin-  
cial societies to be held here in the  
second week of August. The request  
has been referred to the finance com-  
mittee.

### Agent of G. T. P. Here

Mr. W. E. Duperaw has arrived in  
the city to act as passenger agent for  
the Grand Trunk Pacific here. Mr.  
Duperaw has been travelling passen-  
ger agent for the G. T. P., with head-  
quarters in Toronto, and has been in  
the service of the latter company for  
the past fourteen years. The tempo-  
rary offices of the company will be  
located on the wharf.

### Collect Mails Earlier

Collection of mail at the various  
city postoffice boxes will be made half  
an hour earlier from last night, owing  
to the fact that the Vancouver mails  
now close at 11 p.m. Notices are being  
placed at the various boxes, but these  
will not be all distributed for a few  
days. Owing to the fact that after  
the end of this month the new mail  
contract will commence, another  
change will be made then.

### Before the Executive Today

Decision will be reached at a meet-  
ing of the executive today, it is ex-  
pected, in the matters of the Idyl-  
wyld subdivision at North Vancouver,  
the Powell Lake Pulp Co.'s applica-  
tion regarding a booming ground at  
the mouth of Powell river, and the  
petition for a fishing station site near  
Prince Rupert, advised by the Cana-  
dian Fishing & Cold Storage Co., Ltd.

### For Laborers' Protection

The Victoria Laborers' Protective  
Union, to which all civic employees  
belong, has requested the city council  
to enforce the arrangement entered  
into two years ago with the Trades  
and Labor Council that the laborers  
be protected by a stipulation in all  
public contracts for the eight hour  
and minimum wage of \$2.50 per day  
clause. The city will see that in all  
contracts for city work the clause re-  
quired is inserted.

### Farewell to Their Excellencies

Mayor Morley is in receipt of a  
communication from Mayor Hopewell,  
of Ottawa, suggesting that it would be  
fitting if the heads of the various  
municipalities in the province should  
gather at Quebec next autumn  
on the eve of the departure from Cana-  
da of Their Excellencies Earl and  
Countess Grey, and present an ad-  
dress that would be a measure, at  
least, express the country's apprecia-  
tion of the worth and work of His  
Majesty's representative in Canada.

### St. John's Children's Service

Commencing on Sunday next, June  
12th, a special service for children will  
be held in St. John's Hall, Herald  
street at 10 a.m. A children's choir  
is to be formed in connection with  
this service, and those who would like  
to join should attend the practice at  
7.30 p.m. in the hall on Friday next.  
The service on Sunday next will con-  
sist of morning prayer and a short  
address by the Rev. A. J. Stanley Ard  
on "Mother and Home." Many  
adults who care to attend the service  
will be made very welcome.

### Buys Its Own Bonds

Because the city, by purchasing its  
own bonds recently offered for sale,  
with its own long-time sinking funds  
will be making a saving of \$5,600, the  
offers received from outside firms will  
be refused. The highest offer re-  
ceived was \$6.07. There were sev-  
eral offers which were recently con-  
sidered by the mayor and Aldermen  
Bannerman and Langley, but when  
reporting the matter to the council  
last night His Worship was very non-  
committal, and, beyond the above an-  
nouncement, there was nothing forth-  
coming for the public, no statement  
of the amount of debentures, or the  
names or figures of the various bid-  
ders for the bonds.

### No Application Yet

Attorney General Bowser, who re-  
turned yesterday from the mainland,  
has received no official advice con-  
cerning the investigation stated to  
have been ordered by the Nanaimo  
city council into the conduct of the  
city police there in connection with  
the preliminary inquiries into the  
Carlson murder, which inquiry is set  
for the 15th instant. The investi-  
gation is the result of charges that  
the prosecution of the supposed per-  
petrators of this ghastly crime will  
go unwhipped of justice through  
clerk police bungling. The state-  
ment has been made in Nanaimo that  
application would be made to the At-  
torney General for a royal commis-  
sion of inquiry into this matter; no  
such petition has however been re-  
ceived.

### Trade Unionism

For the purpose of further strength-  
ening and organizing the Carpenters'  
Union in the city the Amalgamated  
Society of Carpenters and Joiners held  
a meeting in Labor Hall last night,  
which was largely attended, and re-  
sulted in a considerable accession to  
the strength of the local organization.  
The chair at the meeting was occu-  
pied by President Watters, of the  
Trades and Labor Council, who de-  
livered an interesting address on the  
value of trade unionism, and urged  
those present to join the ranks of the  
organized labor. The activity displayed  
by the Carpenters' Union in the city  
is to be maintained, and in future the  
union will meet every alternate  
Thursday, next Thursday being one of  
the meeting nights. The large num-

ber who joined last night is regarded  
as a hopeful augury for this branch  
of trade unionism in the city.

### Declared Insane

The Acting Deputy-Minister of Jus-  
tice at Ottawa has notified the provin-  
cial authorities that the surgeon of the  
British Columbia penitentiary at New  
Westminster has reported "Convict  
Waika Kuruya, sentenced on the 3rd  
day last by Mr. Justice Morrison at  
Vancouver to ten years' imprisonment  
for wounding with intent to murder, is  
insane and was insane when received  
at the penitentiary." The Crown au-  
thorities of British Columbia are ac-  
cordingly asked to make other provi-  
sion for the care, in custody of the  
fortunate Japanese, who will probably  
be transferred to the hospital for the  
mentally afflicted. Kuruya, it will be  
remembered, made an entirely unprovoked  
and most violent assault upon  
Mrs. J. D. Sibbald at Revelstoke, stab-  
bing her some twenty times with a  
pocket knife. She had never seen him  
before and the attack was made imme-  
diately upon her refusal to comply  
with a demand for money.

### As Far Apart as Ever

The effort at arbitrating the differ-  
ences between the city and the D'Olier  
Engineering Company, of Philadel-  
phia, manufacturers and installers of  
the salt water high pressure pumps,  
appears to be so far unsuccessful.  
The city has been attempting to se-  
cure the services of an engineer who  
will also be acceptable to the com-  
pany, thus obviating the expense of  
conducting an arbitration along the  
usual lines of each party choosing a  
representative and those two choos-  
ing a third. The city suggested  
three names—James McMillan, Van-  
couver; Mr. Hardy, chief engineer at  
Bullen's Shipyard, Esquimalt; and  
Mr. Herman, of Herman & Burwell,  
Vancouver. Evidently none of these  
are acceptable to the company, for  
the council has been advised that the  
D'Olier Company will be willing to  
accept any of the following three gen-  
tlemen: J. P. Badenhausen, Seattle;  
E. L. McAllister, Seattle; or Andrew  
Gray, Victoria. None of these latter  
names will be accepted by the coun-  
cil, which so decided last night, and  
now another effort must be made to  
get together.

## LETTERS TO EDITOR

### Water Divining

Sir:—Without in any way wishing to  
believe the powers of Mr. "Water-  
worth," who has, from all accounts,  
brought his to a high degree of culture,  
I submit that the actual faculty of water  
divining is not anything like as rare as  
people believe. Just in the course of  
conversation among my small acquaint-  
ance here, I have come across two di-  
viners, and a gentleman, who finds, as I do,  
forked twig turn forcibly downwards of  
itself when they stand over a subter-  
anean stream.

Probably there are hundreds more in  
the city who would find the same if they  
tried. Willow is the easiest to obtain  
out her, and seems to act as well as  
hazel.  
CORDELLA GRYLLS.  
605 Fort Street, Victoria.

## AMUSEMENTS

### Pantages Presents Hypnotists

Either Svingali, hypnotist, and  
Madame Helena, mind reader, or  
medium, who gave a joint entertain-  
ment in hypnosis and thought transference  
at Pantages last night are the  
real thing in psychic science or else the  
cleverest pretenders that ever came to  
town.

We have had mind readers, crystal  
gazers, etc., here time and again, but  
these people leave a completely differ-  
ent style of procedure from any of the  
others, and their work in this particu-  
lar line is so absolutely free from the  
remotest semblance of imposition,  
seemingly, that the most skeptical will  
have to give it up. These telepathic  
demonstrations proved the most suc-  
cessful part of their programme last  
night, owing to a lack of volunteers  
from the audience for the hypnotic  
tests. It is claimed that under the  
conditions pertaining to a public test  
about one subject in every five is sus-  
ceptible to immediate influence—the  
average person going on the stage  
from an audience having fully made  
up his mind to resist the power that  
soothes to slumber, if possible.  
Svingali got a far better average, but  
not enough to do justice to his exhi-  
bition in handling groups of sleepers.  
His handling of single subjects proved  
very interesting, and it is safe to say  
that hypnotism and mind reading will  
become town talk.

Another act for the vaudeville pro-  
gramme will arrive today, when that  
part of the programme will be com-  
plete.

### MAJESTIC THEATRE

#### Scenes From King Edward's Funeral

What will go down in history as the  
most gorgeous pageant of modern times  
is depicted in the moving pictures  
which will be shown at the Majestic  
Theatre tonight. In all its splendor,  
amidst the myriad of mourners, the  
funeral procession passes along the  
avenue familiar to many and known to all.  
Behind the carriage bearing the re-  
mains of the late King Edward there  
ride many of the crowned heads of  
Europe, King George and Emperor  
William of Germany are clearly dis-  
tinguished among them. The scenes  
at Windsor are particularly clear, and  
the transferring of the body to the  
hearse from the funeral carriage is well  
worth seeing. That these pictures  
have been secured in so quick a time  
is a matter of commendation and again  
demonstrates the up-to-date enterprise  
of the proprietors. Besides these pic-  
tures are several others, while not  
bearing upon current historical events  
depicts various phases of life which  
have an interest for all.

### New Grand Theatre

William Bovis and Florence Darley  
who open the show at the Grand this  
week, are appearing in the comic  
operetta "Married," to which there is  
no plot, but plenty of interest and a  
big opportunity for the two artists to  
use their voices to advantage. Both  
performers are singers first, last and  
all the time, Miss Darley's voice being  
of wide range and exceptional power.  
She sang part of Schubert's Serenade,  
and received loud applause for it. Mr.  
Bovis sings an original laughing song,  
which is catching. He has a baritone  
voice of great strength and full of  
tone. The act pleased greatly, and  
appealed particularly to married men  
who cannot always find their collar  
buttons.

The Sin English juggling girls, are  
new to this part of the world, but  
their act is none the less welcome.  
The clubs fly back and forth at a  
terrific rate, while the young women  
exchange them with one another with  
an agility that is marvelous. The  
various positions taken by the girls  
through the act enhance its value, and  
make it brilliant. Without ceasing or  
without a mistake, they go through  
their exacting performance as if moved  
by perpetual motion.

Well McIntyre, singer of coon songs  
and demonstrator of the syncopated  
melody, made a very successful ap-  
pearance in four character songs. The  
audience took to him at once last night  
and gave him a good hearing and ap-  
plauded loudly at the end.

Dixi Christie, the girl with the  
golden harp, drew from that instru-  
ment particularly sweet music, and  
also gave selections on the violin and  
the mandolin. Her violin playing was  
done with trick bows, and her act  
went well. Thomas J. Price in a song  
and the moving pictures conclude the  
programme, which is one of the best  
Mr. Jamieson has had this year.

## OBITUARY NOTICES

### Brown

The death occurred on Sunday  
morning of John Lawson Brown, at  
the advanced age of 80 years. De-  
ceased was enjoying good health un-  
til Sunday morning, when he was sud-  
denly taken ill at the residence of  
Mr. William J. Bowden, Old Esquimalt  
Road, where he had been spending a  
few days as the guest of Mr. Bow-  
den, and in the morning he succumb-  
ed to heart failure before medical aid  
could arrive.

The late Mr. Brown was a native of  
Yorkshire, England, and had resided  
here for some time. The remains  
were removed to the Hanna Parlors,  
from which the funeral will take place  
this afternoon at 2.30. Rev. A. E.  
Roberts will officiate.

### Haughton

After an illness extending inter-  
mittently over a period of two years,  
Mrs. Minnie M. Haughton, wife of Mr.  
E. J. Haughton, Dominion superinten-  
dent of wireless stations in B.C., passed  
away at Gonzales Hill yesterday.  
Deceased, who had a wide circle of  
friends in the city, was a native of Red  
Cliff, Wis., and came to this province  
eighteen years ago, where she has re-  
sided ever since. She leaves, besides  
her husband, two children, a boy and  
a girl. The funeral will take place  
tomorrow afternoon, at 2.30 p.m., from  
40 San Juan ave.

## REGULATING EXPLOSIVES

Expert Appointed by Ottawa Depart-  
ment to Inspect Plants Through-  
out Dominion.

OTTAWA, June 6.—With a view to  
carrying it into effect the announce-  
ment of Hon. Mr. Templeman, min-  
ister of mines, to the effect that an  
act was to be passed next session  
regulating the manufacture and traf-  
fic in explosives in Canada, the de-  
partment of mines has appointed an  
Ottawa expert to investigate explosive  
conditions here and invited the Brit-  
ish Government to send another. Mr.  
Joseph G. Hudson, a well known local  
mining engineer, has been ap-  
pointed to visit all plants where ex-  
plosives are manufactured and stored.  
He will personally expect every  
plant in the Dominion with a view to  
ascertaining just what is the liability  
to danger in handling and storage, and  
what method seems to be best.

## In Woman's Realm

### Here and There

There is a report from Washington which contains a warning for all who hope that in the future there will be fewer deaths from tuberculosis, and who are working to banish what has perhaps not very wisely, been called the "White Plague."

The story is that at a national convention a speaker said that in the state of Idaho the death rate from tuberculosis had increased 120 per cent. in a year owing to a health crusade of the authorities. A lecturer had gone round the country with magic lantern slides depicting the horrors of the disease. Weekly bulletins were published in the newspapers giving reports of the inroads of consumption on the people of the nation. The result of the lecturer's efforts was to depress and terrify the people who listened to him or who read what he wrote. Those who were predisposed to consumption fell victims to their fears rather than to the disease itself.

Just how correct the conclusions said to have been arrived at by the speaker may have been in this instance it is impossible to tell. Very probably the lecturer alluded to believes that the result of his campaign has been successful.

There is, however, very little doubt that in this western country, especially, there is great danger of rousing the fears of patients and their friends and relatives. Consumption is not a familiar disease to the majority of people here. Few know from actual experience that it is possible to nurse a tubercular patient, and not be injured. On the other hand, it ought to be much easier to preach the gospel of hope with success in the west than in the east. If those who have spent the greater part of their lives on the Atlantic coast have proved that the danger of infection is not universal, if there is little fear that regard for their own safety will make them cruel, it is harder for them to entertain hope of recovery in case of a disease which long experience has shown them has almost always terminated fatally.

To prove to these people that recovery is possible and to show the means by which it may be attained is the work to which individuals and societies engaged in the war against tuberculosis should direct their attention. No good object is to be served by bringing before them exaggerated or even true accounts of the ravages of a disease with which they are but too familiar.

Still less should fear be implanted in children and in young people in a part of the world, where we hope consumption may never prevail. It is quite possible to point out the best means of avoiding consumption, and how to live so as to overcome an attack of tuberculosis without implanting a dread which may prevent recovery or what is worse cause those whose duty it is to care for the sick to imagine that the risk they incur is greater than it really is. Fear in a sickroom is quite as shameful as in a battlefield. To spread it is not the part of any friend of humanity. There is a decay of the moral nature far more to be dreaded than any disease of the body however terrible.

An old lady died on the second day of this month at Hastings, England, who has practiced medicine for more than fifty years. Dr. Elizabeth Blackwell was born in Bristol in 1821. As a little girl she went to the United States and became a school teacher. Afterwards she studied in Geneva, Paris and London, and began in 1851 to practise in the city of New York. Here she founded a hospital and medical school for women. In 1859 she returned to her native land and afterwards practised in London and in Hastings.

Dr. Blackwell wrote several books, and founded the National Health Society of London and assisted in founding the London school of medicine for women. This lady was a contemporary of Florence Nightingale. Both nurse and doctor possessed talents which have not been excelled by any of their followers. We cannot today have any conception of the moral courage needed by both to break through the traditions of centuries in order to do what they believed to be their duty.

It is said that the experience of keepers of sanatoria shows that tubercular patients who return to their old occupations have a better chance of recovery than those who attempt to learn work to which they have been unaccustomed. For example, a bookkeeper who looked carefully after his health would be more likely to be permanently cured in his office than if he went to work on a farm. This is a contradiction of the generally received belief. If experience will prove that it is correct it will be another instance of the great influence of a patient's mind over his bodily health. The effort required to learn a new occupation is a great drain not only on the mental but on the physical forces. When, as is most likely, there is the added difficulty of earning a sufficient livelihood for those dependent on the worker it will be easily understood that anxiety would retard recovery. It would be wise for

anyone who must work for a living to find out what is likely to be the effect before the sake of his health, he changes his occupation.

An old lady in England has left a very large fortune to found a home for lonely women deserted by their husbands. No one is more to be pitied than the good woman who is reduced to the extremity of qualifying for a position in such a home. On the other hand, there are many women in this country and doubtless more in England who make it impossible for any man to live happily with them. When a wife is deserted the man, as a rule, is blamed. But it too often happens that the wife brings upon herself this most pitiable of all fates when it is undesired. The evil-tempered, nagging wife can make a man's life impossible and there are more of these than is often supposed. Not less hard to bear is the petty deceit which destroys confidence. There are women whom the world counts good whose husbands must bear an hourly martyrdom. That sometimes such a one forgets all obligations of honor and leaves his wife and children to the mercy of the world is not to be wondered at. There is not enough stress laid, in the education of girls, on the necessity of kindness and forbearance. No business partnership could exist between men if there was the same friction which goes on almost unnoticed in many households. While men are apt to blame for this the fault is not always with the husband.

There are very few women who have not read "Uncle Tom's Cabin." The story is one that has an interest for girls of the present generation, though few of them will understand the strong emotion with which their grandmothers in the days before the American war devoured its pages. There are those who doubt the wisdom of the course pursued by the American Government in its dealings with the negroes since the war. But there are very few who do not feel admiration for the woman who made the people of the United States feel that the negroes were men and women who must no longer be treated cruelly.

By the negroes themselves Mrs. Stowe has always been loved, and it is not to be wondered at that the women of that race in the United States have resolved to honor the 100th anniversary of her birth. It is, perhaps, more surprising to Canadians to learn that a colored woman is a member of the Board of Education for the District of Columbia. This lady's name is Mrs. Terrell. She is honorary president of the National Association of Colored Women and in her address to them she says:

"The 100th anniversary of the birth of Harriet Beecher Stowe will occur June 14, 1911. One year is none too long in which to devise ways and means fittingly to celebrate the centennial of this great and good woman's birth. Few authors have rendered the cause of liberty such striking and signal service with the pen as did Harriet Beecher Stowe. By the colored people of the United States her name will ever be spoken with grateful, affectionate reverence, her memory will always be cherished and her praise forever sung."

"All organizations of colored women and colored men, formed for the elevation or improvement of the race along any line of human endeavor, are urgently requested to do everything in their power to make the Harriet Beecher Stowe centenary worthy of the important event which we celebrate. Suggestions concerning the exercises which should be held in schools or public assemblies of any kind will be gratefully received."

It is said that the Alger books are taking the place of the fairy stories in boys' libraries. The change is not a healthy sign. The Alger stories have little to recommend them. They give boys an unreal idea of life. The boys in them always run away from their duties and, after performing impossibilities, attain success. They are for boys very much what the "Fanny" books are for girls, and it is to be doubted if either help to build up strong characters. There are plenty of excellent stories for both boys and girls in these days, and it is a pity they should read any but the best.

### THE ORPHANS' HOME

The ladies of the Orphanage committee met yesterday at 2:30 p.m. at the home. Appreciative comments were made on little Daisy's health on her return after several weeks' treatment at the Jubilee Hospital, to which the committee tendered their sincere thanks. Fire Chief Davis visited the home during the month, and on his recommendation a fire gong was installed, to which the children responded in quick time. Gratitude was expressed for his kindly interest and prompt attention.

Great inconvenience has been caused by needed attention to the boiler pipes, which are now under repair. An invitation has been received for the children to attend "Children's Day Services" at the First Baptist Church next Sunday, which was accepted with thanks. Two applications were received for children; none available. Great pleasure was expressed at the receipt of a letter from a grateful mother, such surprises being rather rare, and nevertheless most acceptable. A very comprehensive and interesting report just received from the visiting ladies, which will be held at the annual Pound Party will be held at the

house on Thursday, June 23rd, at 3 o'clock. Mrs. Tenge and Mrs. Sprague were appointed visitors for June. Bills were paid, amounting to \$263.90. A kind invitation was received from Mr. Quagliotti to attend the moving pictures of the late King's funeral. Unfortunately, owing to the nearness of the holidays, this was not possible at present. After reading the donation list, the meeting closed with prayer.

### Committee's Report

The committee's report follows: "Your committee visited the Home each week and found the children all in good health. This month everyone has been busy house-cleaning. The matron has had a woman helping her sew, so many clothes need making over for the smaller children. We thought it a good sign they were being well fed and cared for, when their clothes are getting too small for them. On May 20th the matron took fourteen of the largest children to the memorial service of our late King. On the next visiting day we considered what little treat to give the children instead of the usual 24th celebration. While we were there the president and treasurer came, so, between us, we arranged that they should have their tea outdoors, and ordered fruit, candy and other things for tea, but, like many others, they were disappointed when the rain came on.

"New material was purchased to repair mattresses which they expect to have done this month. We expect to have the pound party as usual and hope the kind friends who donated the box of toilet soap won't forget us this year. No children have come to the Home this month. We think everything satisfactory.

"Respectfully submitted, Margaret M. Andrews, Sarah S. Sherwood."

The May donations were as follows: Miss Glendinning, Cedar Hill, rhubarb; A friend, 1712 Denman street, clothing; Mrs. Symons, 841 Johnson street, clothing, hats, boots; Mrs. Phipps, Cowichan Station, clothing and boots; Mrs. Mussen, Cordova Bay, Mr. Tolmie, clothing, boots and books; Mrs. Humphrey, 1420 Fort Street, clothing; Mrs. Denny, 1150 McClure street, clothing; Mrs. Gill, "The Angela," Burdette avenue, clothing, hats and boots; Miss Tolmie, Cloverdale, clothing, hats and boots; Harrison & McDonald, candles; Miss Glendinning, Cedar Hill, rhubarb; A friend, \$1; Mrs. D. R. Boucher, 2892 Cedar Hill Road, setting of eggs; per F. M. Dayshaw, St. Ann's Society, cakes, sandwiches, bread, jellies and ice cream; A friend, boys' jackets and vests; Mrs. W. R. Higgins, clothing and boots; Mrs. Tony Silvine, 15 lbs. butter and two hams; Mrs. Kingham, 1623 Belmont, clothing and boots; Mrs. Croft, clothing, pieces of material and books; Mrs. S. Page, 140 Menzies street, clothing, pieces of material and pictures; Mrs. Andrews, Pine street, clothing; The Daily Colonist, The Victoria Daily Times; three friends, oranges; Miss A. Porter, per Miss L. Humphries, \$1.

On Wednesday evening, June 1st, at the Knox Church, Manse, Calgary, the Rev. J. A. Clark celebrated the marriage of Mr. William J. Wishart, late of the B. C. E. R. Co., Victoria, and Miss Jessie McLean, late of Keatings, South Saanich. The bride wore a white silk dress trimmed with Scottish lace and carried a beautiful bouquet of white carnations. The newly married couple will reside at 1029 Eleventh avenue west, Calgary.

## S. S. SERVICE WITH NEW WESTMINSTER

Board of Trade Open to Receive Proposals Looking to Establishment of a Regular Connection

The local board of trade is open to receive proposals from steamship owners with regard to the establishment of a regular service between this port and New Westminster. Owing to the desultory service now in effect considerable trade is being lost to this port, and realizing this fact the members of the board are using every effort to secure the establishment of a vessel on the route, which will run on a definite scheduled arrangement—twice weekly being the proposal made. The committee recently appointed to take steps in the matter held its first meeting yesterday, this proving of an enthusiastic character. Mr. Simon Leiser, the president of the board, was appointed permanent chairman, and a lengthy discussion ensued, the past needs, those of the immediate present and the probability of future developments in the trade between here and the Royal City being canvassed in an exhaustive manner. A number of plans were outlined, the one which met with most favor being the establishment of a steamer permanently on the route. The committee of the board is now ready to receive proposals to this effect, the idea being that the merchants both here and in New Westminster will co-operate with a steamship owner in the enterprise. The essential factor of the desired communication is regular service. In the meantime the board of trade committee will ascertain the probable freight movements during the next twelve months, and will endeavor to secure from the principal shippers an undertaking to give a particular steamer their patronage.

Assurances in this respect have already been received from a number of Victoria's merchants, while the New Westminster board of trade has promised substantial support on behalf of merchants in the Royal City. With so much encouragement it is the board of trade committee believes that the matter is certain of immediate success, and is of opinion that the only thing left is to secure a suitable vessel, and an owner who is willing to engage in the enterprise on the terms which will be arranged.

## TAKE SILVER BY WARD'S DEFAULT

Ladysmith Second Division Soccer Team Went to Nanaimo Saturday and Scored Goal

Ladysmith's second division soccer team left for Nanaimo on Saturday to meet North Ward, of this city, in the final of the championship series. Arriving at the Coal City they sauntered out to the football field, waited around until the time for which the match was called, and then lined up and went through the formality of scoring a goal.

It is concluded, from this information, that Ladysmith intends to take the title and the silver by default. Although it is rather a hollow victory they are working on the principle that "half a loaf is better than no bread." Although Capt. Taylor, of the Wards, made no direct statement yesterday it is gathered, inferentially, that he would have been pleased had Ladysmith declined to accept the silver in such a way, and made a proposition for a third game, even if it were provided that it should take place on Ladysmith grounds.

While there was disagreement over the referee question it now seems that the Wards were not a unit in their opinion with respect to what should be done. This is evinced by the fact that there were six men at the E. & N. depot on Saturday morning. Without the other five or six, however, it was no use their going away. Capt. Taylor was one of those who thought that Ladysmith should be given a third game, in spite of the demands regarding conditions. He, apparently, believes that, if given an opportunity, he could bring the others to his way of thinking.

Should this be read in Ladysmith it must not be interpreted as in any way official. It is only the impression which was gathered indirectly from Capt. Taylor's remarks. If Ladysmith wants to play that game there is a strong probability that the Wards, even yet, would be able to make the arrangements.

## SWIMMING CLUB MEETING TONIGHT

Fred Carne, secretary of the Y.M.C.A. camp and swimming club, which has been established at the Gorge, has called an important meeting to be held this evening, at 8 o'clock, at the camp. All members are requested to be present, as there are some important matters which have to be discussed by the club.

| DEAD IN LONDON | koh |
|----------------|-----|

DEAD IN LONDON  
Late Mr. Edward Jenkins Was Formerly Agent General for Canada in England.

LONDON, June 6.—Edward Jenkins, who was agent-general for Canada in 1874-5, is dead here.

Edward Jenkins was born at Bangalore, India, in 1838, and was a son of Rev. Dr. Jenkins, who was for some time pastor of St. Paul's Presbyterian Church, Montreal. He received his education at McGill College, Montreal, and Pennsylvania University. Called to the bar at Lincoln's Inn in 1864, he practiced with success until 1872-3, when he entered politics and in February, 1874, was appointed agent-general for Canada.

From this position he resigned two years later upon the Canadian Government deciding to reduce the office to an emigration agency. In the same month in which he received his Canadian appointment he was elected member of parliament for Dundee. He was in Canada at the time of his election, but continued to represent the borough until 1880. In 1881 he contested the city of Edinburgh against Mr. McLaren, the lord advocate, but was defeated.

Mr. Jenkins was an advanced Liberal, with strong opinions on social questions, and an anti-republican, and was strongly in favor of Imperial unity. He was the author of many volumes of fiction and essays. He was a member of the royal commission on copyrights and a contributor to various reviews.

## PRIDES WIN THE OPENING MATCH

City Baseball League Inaugurated Last Night When Soldiers Meet With Defeat—Amateur Game Tomorrow.

In the first match of the city baseball league, between the Prides and the Fifth Regiment last night, the former won by a score of 9-5.

As it was their debut to the majority of the players, the play wasn't especially brilliant. There were a few errors and also there were a number of sharp clever catches in the "in" and "out" fields. What was bad was very bad and what good, usually, was exceptionally so, proving that, when the teams have had a little more experience, they will be able to give some high class exhibitions.

The second inning brought one run for the Fifth Regiment and their supporters saw visions of victory. But, in the second, the Prides astonished their rivals and spectators by making five before the side was retired. Four more were tallied by the Prides in the fifth. The regiment scored more consistently, the runs coming as follows: second, 1; third, 2; fourth, 1; seventh, 1.

"Bob" Whyte refereed.  
Meals for School Children  
LONDON June 6.—The Act enabling local education authorities in England to provide meals for children was carried out last year at a cost to the rates of \$211,400. Voluntary contributions amounted to \$86,965 and the moneys contributed by or received from parents was \$1,475, making a total expenditure of \$329,840. The total number of children fed was 116,800 and the number of meals supplied was 7,198,297.

## TO MAKE TEAM WORK FASTER

Victoria Ball Players Will Drill More Frequently Hereafter—Systematic Coaching to Be Initiated

While the Victoria ball club has been giving a good sample of work on the diamond, those in charge are not satisfied. They are convinced that with drill the team can be raised a notch higher in excellence. Now it ranks a first-class amateur organization, and the ambition is to make it the fastest of its kind in the Pacific northwest. With this object in view, drills will be held more frequently in the future, and special attention will be paid to the establishment of a system to be followed in certain given contingencies.

Of course this has been affected to a certain extent already, but the players are not as united as some of those who have been watching them closely would like. There were several points in connection with last Saturday's match against the University of Washington, for instance, which in the opinion of understanding spectators could have been so turned by clever team work as to have given victory to the home lads.

Next Saturday, the game is with the Eiler Pioneers, a formidable bunch of ball tossers from the other side. When Wattale's youngsters take the field against them they will be much improved according to present indications. It is yet too early to venture a prediction as to the battery, but it may be interesting to know that no changes to the personnel of the infield are intended.

## U. S. TENNIS TEAM FOR CHAMPIONSHIP

Beals Wright First Among Americans Who Will Go to Old Country—Number Decline Honor

NEW YORK, June 6.—Beals C. Wright of Boston will head the American team of challengers for the Davis International Lawn Tennis Challenge cup this season, and the preliminary tie matches will be decided on the courts at Wimbledon, London. This was made known officially from the executive committee of the United States Lawn Tennis Association.

The further announcement was made that William A. Larned, national singles champion; William J. Clothier, of Philadelphia, and the national doubles champions, Harold H. Hackett and Frederick B. Alexander, had all positively declined to consider places on the team, pleading pressure of business as their reason for refusing the honor. Raymond D. Little, who has held a place on other international teams, has signified the possibility of his going, as have also the two Californians who met the Australians last year, Maurice E. McLaughlin and Melville H. Long. The rules make a team of four players possible.

The dates for the international ties at Wimbledon remains to be decided by the British Lawn Tennis Association. There is the probability, however, that Americans will not sail from this country until after the all-comers' national championship at Newport, R. I., in August.

Next Game Tomorrow  
At Beacon Hill, tomorrow evening, the Beacon Hill and Knights of Columbus teams will play. This, also, is one of the city league series.

## "SOVEREIGNTY AND IN WHOM VESTED"

Academic Treatise Upon the Relation of the Monarch to His People and Evolution of the Idea

BERLIN, June 6.—Baron Karl von Stengel, Professor of Political Economy at Munich University, who represented Germany at the Peace Conference in 1899, contributes to the "Deutsche Revue" an interesting article on "The Idea of the Sovereignty of the People." He shows what are the results, as manifested by the French Revolution, of the development of the idea that the supreme power in the State is vested in the Monarch, and traces the democratic opposition to the theory of the sovereignty of princes to its theoretic formulation in the doctrine of the sovereignty of the people. The natural consequences of the acceptance of this latter doctrine, he points out, is that the Monarch, even in a Monarchical state, can be regarded as only possessing a mandate from the sovereign people which can at any time be withdrawn. Rousseau, he explains, contended that the people, by creating the State and the supreme power to which it subjected itself, did not renounce all its rights in favor of this power, and did not subordinate itself absolutely to it; the people, as a matter of course, only transferred to the State as many rights as were necessary in the general interest and retained especially the right to alter at will the Constitution of the State. Hobbes, on the other hand, adds the writer, drew quite a different conclusion from the doctrine of the treaty with the State, namely, that the people in subjecting themselves by treaty to a supreme power, transferred to that absolute power to the ruler and placed all rights in his hands.

"It is evident," continues Professor von Stengel, "that the conclusions of Hobbes, who sought to defend the absolute monarchy, are far more artificial than the more democratic view professed by Rousseau. In the first place, the doctrine of a treaty with the State is devoid of historical foundation. Individual States, and especially combinations of States, have been founded on a treaty, but there is no historical authority for the assumption that the State as an institution has been created by treaty, that is, by express consent and conscious procedure on the part of the men, as if it were a joint stock company. The State is an institution that has developed organically from the original human associations of families, races, and tribes. On the other hand, adds the writer, the theory of the sovereignty of the people, which is an indefinite idea, it is not clear whether the expression 'the people' embraces all the men, women, and children, whatever their intellectual powers may be, who constitute the State, or embraces only those persons who are capable of taking an active share in political life. The idea of the sovereignty of the people, which is so flattering to democratic instincts, and the treaty doctrine that has grown from that idea are based on the assumption that all human beings are exactly alike. This assumption is, however, only to a certain extent correct, for apart from the differences of race and of age, of physical and mental faculties, all human beings are alike only because they are human beings, just as all trees resemble each other because they are trees."

Not All Equal  
The writer points out that even among the primitive tribes and hordes from which nations and States have gradually developed differences of social and economic position were recognized, and considers that it would be grossly unjust if all human beings, irrespective of race, sex, bodily health, occupation, etc., were treated by the law as being equal. When the idea of the sovereignty of the people came to be realized during the French Revolution it was at once evident, he adds, that the people is not, as the law of Nature assumed, a homogeneous mass of free and absolutely similar citizens, but is composed of various classes, and the question arose as to which group or class can claim the sovereignty in the State. The so-called third class succeeded at first in obtaining a predominant influence on the Legislature and in giving to the Constitution a form that favored its own interests. During the past century, however, the so-called fourth class has struggled hard to dislodge the third class from the position it has assumed, and to bring about a change of the Constitution to suit its own views. It may be said, continues Baron von Stengel, that a new social order is in process of formation in which the working class is the determining factor; special attention has to be paid by legislation to the interests and demands of this class, though, curiously enough, only those workers are thought of who are occupied with physical work.

The sovereign people claims the right, Baron von Stengel explains, to overthrow any government and alter any Constitution which does not give it all that it claims as its own. This right was recognized by the French Constitution of the year 1793, and certain classes in Prussia wish to enforce it today in that they reckon the universal suffrage as one of the inborn rights of the human race, and organize tumultuous street demonstrations with the object of extorting it. The liberal parties in Germany, he contends, prove their short-sightedness in advocating the adoption of this universal suffrage for it benefits only Socialism and Ultramontanism. Professor von Stengel shows that the Constitutions of Belgium and Italy, for example, are based on the idea of the sovereignty of the people, the title of the Monarch of the latter country being, "By the Grace of God and the Will of the Nation, King of Italy." The idea is still more prominent in countries where the parliament is almighty, and where the government and the ministers entrusted with administrative power are dependent on its moods and fancies. That such a system is not conducive to stability has been clearly enough proved in the case of France, where, moreover, corruption is quite as prevalent as ever it was under the ancient regime.

Monkey Brand Soap cleans—Takes stains, steel, iron and tinware, knives and forks, and all kinds of cutlery.

VANCOUVER CREWS  
FOR THE N.P.A.A.O.

Terminal City Will Have Entries for Every Event Scheduled in Regatta—Oarsmen Are Training

VANCOUVER, June 6.—The crews who will represent Vancouver at the N. P. A. A. O. regatta have been picked by Captain Pife Smith and his aides and every man will now get down to his faithful preparation for the biggest regatta that the waters of Burrard Inlet have ever seen. Only in the senior singles has the man yet to be named. The crews follow: Senior Four—Sweeney (stroke), Gale (No. 3), Stacey (No. 2), N. C. Sawers (bow). Four—Wright (stroke), Black (No. 3), Bennet (No. 2), J. K. Simpson (bow). Senior Double—Tennant (stroke) and Chaffey (bow). Junior Double—P. Bell-Irving (stroke) and Owen Sawers (bow). Junior Singles—Godfrey will probably pull in this event.

It will be seen that the Senior Four is that which rowed victoriously at the last championship regatta and the club is fortunate that it remains intact. The crew is rowing a splendid stroke and they can be relied upon to make a great bid for a duplication of last year's feat. In the Junior Four Simpson is the only man who rowed in last year's crew, but an excellent opinion is entertained of his merit.

The J. B. A. A. of Victoria will be represented in all the events and Portland will also be represented except that they are not sending a senior four. They have made the very best selection of a junior four, with the hope that they will win in that division and then go in and win the senior event. It will be remembered that this was the course adopted by Vancouver in 1908 and with entire success. The crew went in and won the juniors, then moved higher and bagged the senior event.

NOT A GROUCH  
SAYS JIM JEFFRIES

BEN. LOMOND, Cal., June 6.—Jim Jeffries is not a grouch. The big fellow says so himself. It cropped out in a chat with correspondents yesterday that Jeffries resents being characterized as a bear, gorilla and other representatives

of the faunal kingdom reputed surly. "It is kind of mean the way I'm being held up as a sour tempered fellow," he said. "I don't think I'm anything of the kind."

**Not An Exception**  
"People don't stop to think what I've been up against. What with having my stomach disarranged by the strain of taking off surplus weight and the stiffness and setbacks which go with early training, I guess I haven't been the pleasantest fellow in the world, but I don't think I've been any worse than any other man would have been under the circumstances."

**Montreal Defeats Cornwall**  
CORNWALL, Ont., June 6.—Cornwall and Montreal crossed sticks at the factory town Saturday. The champions brought up quite a large crowd of their admirers on their special, and the home team were not lacking of supporters, who turned out in large numbers to see them perform. The score at half time was: Montreal, 4; Cornwall, 3. Final score: Montreal, 5; Cornwall, 3.

OPENING DAY OF  
THE BLUE BONNETS

MONTREAL, June 6.—Blue Bonnets opened the spring meeting Saturday with a card of 7 well-filled events, including a steeplechase of two and a half miles, the feature event being the Windsor Hotel Cup, valued at twelve hundred dollars, which was won by Dalhousie. There are about three hundred thoroughbreds stabled at the track. This Spring's meeting is restricted to seven instead of thirteen days' racing due to the passing of the Miller Bill this Spring.

## AT HALF TIME

The Indians of Kuper Island and Cowichan played a soccer match on the latter reserve, near Duncan, yesterday. It was a draw. The players were markedly gentle in their work. They were sportsmanlike at all times. In fact, they carried their Alphonse-Gaston tactics a point too far. A little more ginger and a better understanding of combination and the Vancouver Island Indians would produce an eleven that would give North Ward a run for the bacon.

Two stages are leaving Duncan for Cowichan Lake every day, and there is scarcely a trip on which the accommodation is not crowded. The fishing is said to be good at the headwaters and in the lake. The canoe ride from the source to the mouth of the river, under the expert guidance of Indians, is becoming very popular among sportsmen and sportsmen. The Indians have been quite busy. A

party of eight arrived at Duncan via the water route on Sunday.

Really it is a pity that the North Wards didn't go to Ladysmith on Saturday to meet the Ladysmith eleven. A protest against the conditions, if they are unjust, is all right, but only the most exceptional circumstances warrant a default of a championship match. However, the die is cast. The boys must wait for next season.

Tennis is in full swing. The Kingston street courts were crowded Saturday afternoon. At the Victoria club there was another throng. Both grass and cinder courts are in use.

It is good to see lacrosse being taken up here with a vim. For some seasons the national game has roused but lukewarm interest, but this year it is different. The indications are that there will be a first class twelve out for the next provincial amateur league match.

Those cadet shots are doing remarkably well. For lads they have been making splendid scores at Clover Point range. It must be understood that it isn't easy for the most experienced riflemen to make much of a showing on this range. The boys, however, have shown improvement every week.

There is going to be a baseball war in town. The Boys think they have a nine that is just about as good as that assembled by Wattadet, which has been entertaining the fans since the season's opening. They are going to make their debut next Saturday with the Seattle Athletics as opponents.

The B. C. A. A. U. is having a difficult time in keeping the sheep and the goats of the athletic world segregated. They will insist on flocking together. The next question is what will be done about that exhibition of Sunday at Nanaimo when the Coal City soccerites met the Vancouver pros.

ATTELL-DRISCOLL  
BOUT CANCELLED

SAN FRANCISCO, June 6.—The match between Abe Attell and Jim Driscoll, the Englishman, which Jim Coffroth had arranged for July 2, is off. Driscoll, who made a poor showing against Moore, an eastern featherweight, recently, is in ill health, and, according to the best information, will sail from New York for England Saturday.

The Indians have been quite busy. A

BUSY WEEK FOR  
LACROSSE FANS

Matches Arranged For Tonight, Wednesday and Thursday—Victoria West vs. Cloverdale In League Game

For lacrosse players, and the fans as well, this promises to be a week of excitement.

The programme opens this evening when the North Ward seafarers and intermediates will give an exhibition on their grounds. While this entertainment is going forward for the benefit of the enthusiasts of the northern district both the Victoria West and Cloverdale players will be hard at practice, for on Wednesday evening they will cross sticks at the Royal Athletic grounds in one of the league series.

**Notable Exhibition**  
Without a question the most noteworthy of the several lacrosse events is that of Thursday night at the North Ward park. The occasion is the formal opening of the recreation grounds and the Fifth Regiment band has been engaged to render a choice musical programme. While this is under way two twelves, chosen from among the players of all the local clubs will engage in hostilities. Thus will be furnished an attraction appealing directly to two elements—that fond of music and that which enjoys good sport.

By this arrangement the selection committee will be given an opportunity to keep a watchful eye on the young men engaged in the game here, so that if there are any especially promising, any that in the opinion of the judges would be an acquisition to the provincial league team, they may be noted and used for the next match. And, besides, it will serve to keep the lads in good condition.

CURIOUS BASEBALL  
CASE BEFORE COURTS

OTTAWA, June 6.—One of the strangest court cases that was ever proposed is likely to come up in the local courts before long in the threat of the Pastime Baseball Club to have a certain ruling of the City Baseball League deliberated upon by Judge McTavish.

When the College-Pastime baseball game was called at Varsity Oval two weeks ago, both teams were a tie. College, however, had seven innings,

while the Pastime batters had only six. The game was called to allow the second fixture of the double-header to proceed, and this is where the trouble lies.

Pastimes claim that the game should not have been stopped until they had, at least, had their turn at bat, while the other teams in the league decided that the struggle was stopped when the hands of the umpire's watch pointed to 4 o'clock. The league allows the first game uninterrupted progress until 4 o'clock, but the game must be stopped at that hour. The league clause is clear enough on that point, but the Ashburnham Hill team is not satisfied with the decision of the City League delegates, and state their intentions of taking their case to the courts.

The point is an interesting one, and should the decision be reversed by the courts and Pastimes handed the game, it would mean that the championship would be practically decided.

CANADIANS TOUR  
THE OLD COUNTRY

Cricketers Who Are Making Trip to Great Britain—List of Matches Which Will Be Played

TORONTO, June 6.—Mr. W. J. Fleury, who played with the Canadian cricket team that visited the old country in 1887, will be one of the 1910 party which will call in the middle of the month. Those who will go with him are W. W. Wright, A. A. Bremner, S. R. Saunders, P. E. Henderson, A. H. Gibson, H. G. Davidson, Norman Seagram, W. F. Lounsbrough. The other members of the team, Billy Greening and Southam, are already in Liverpool, where they will join the team for the first match, on June 30th and July 1, against the gentlemen of Liverpool, Alburgh.

The following are the fixtures for the 1910 tour: June 30 and July 1, Gentlemen of Liverpool at Alburgh; July 4-5, Royal Artillery at Woolwich; July 6, Black Heath at Black Heath; July 8-9, Royal Engineers at Chatham; July 11-12, Gentlemen of Surrey at Oval; July 13-14, St. Lawrence Cricket Club at Canterbury; July 15-19, United Service at Portsmouth; July 20-21, Gentlemen of Sussex at Brighton; July 23, Mitcham at Mitcham; July 25-26, Mr. Eric Hambro's eleven at Eastbourne; July 27-28, Folkestone at Folkestone; July 29-30, Gentlemen of Essex at Leyton;

August 1, Green Jackets at Winchester; August 3-4, Gentlemen of M. C. C. at Lord's; August 5-6, Gentlemen of Cheshire at Chelford; August 8-9, Phoenix Cricket Club at Dublin; August 10-11, Lelinster Cricket Club at Dublin.

**Another Game**  
The James Bay and Seattle Athletic clubs will line up at the Oak Bay grounds on Saturday. "Jimmy" Haines will be in the box for the locals, and it is reported that he is in good form. In the event of emergencies there will be Cameron and Styke ready to step into the breach. The Bays are said to be strong. Their complete team will be published later. As a side attraction there will be the mile race between J. P. Sweeney, who holds the B.C. championship and Davidson, of the University of California.

No announcement has yet been received that the Dominion Government has decided to place an inland rifle range on Vancouver Island. However, the agitation is strong and it may prevail.

SAILS BLOWN AWAY  
ON VOYAGE NORTH

Forester Met Many Hardships on Voyage From the Sound to Chignik—Topsails and Mizzen All Lost

The schooner Forester, which has returned her sixteen days from Chignik Bay, first of the Alaska salmon fleet to return, fared badly on the early season's run north. Sailing from Astoria March 29, a passage of twenty-six days was required to make an offing at Chignik Bay. For ten days following heavy weather prevailed and prevented the ship from making an anchorage. Head winds and gales carried away all the topsails and the mizzen sail, and with threatened cold and heavy snow storms, the overworked crew of the Forester experienced unusual hardships.

The Forester took to Chignik machinery equipment and building material for the construction of a new cannery for the Columbia River Packers' Association. On account of the particularly cold weather during the winter an advance party of workmen had been unable to complete the preliminary work as intended, and when the new force taken up by the Forester was landed in April, the snow on the beach was eight feet deep, and all the streams were frozen solid.

**Had Hard Trip**  
PORT TOWNSEND, June 6.—The schooner Aloha, Capt. Welknecht, arrived yesterday, twenty-five days from Redondo, for orders. The vessel is badly damaged about the stern as the result of a collision while in port at Redondo. A hard passage north is reported, head winds and adverse conditions prevailing throughout. Schooner Aloha is disengaged.

FAMOUS RUNNERS  
GO A DEAD HEAT

"Bobby" Kerr and Cloughen Unable to Settle Issue Over One Hundred Yard Course—Mile Record Made

TORONTO, June 6.—The Eaton Athletic meet here Saturday produced one world's record, Goulding, of Central Y. M. C. A., walking the mile in 6:25 4-5 against Lerner's old mark of 6:26.

Lukeman, of Montreal, was in fine fettle, doing the hundred in 9 4-5 seconds, but on a soggy grass track, it is questionable whether he was caught correctly. Lukeman covered the 220 in 22 2-5, winning easily.

In the international events Cloughen, Irish-Americans, and Bobby Kerr, of Hamilton, ran a dead heat in the hundred; time, 10 1-5. Cloughen gave Kerr a thorough beating in the 220, making him quit ten yards out, and winning by two yards; time, 22 3-5.

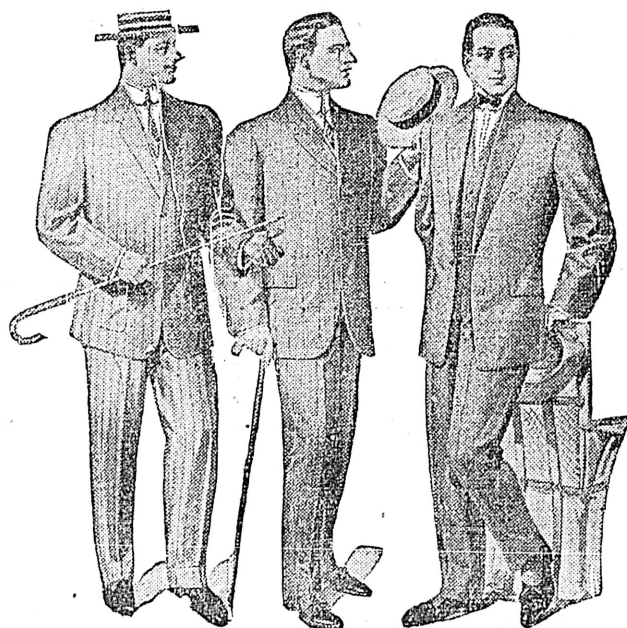

The mile invitation went to Sheppard, Irish-Americans, New York, easily with Paul American Inter-Collegiate, champion, second, Jack Tait, of Toronto, third, Wellback, third; Klviat, of New York, fourth; Knox, of Toronto, fifth. Gissing, of New York, set the pace for a while, then dropped out. Time, 4:27 4-5.

The international relay of a mile was won by United States. Lukeman and Paxon, dead heated in their lap, Watson (Tocumseh) beat Walther one yard, Gissing beat Sebert two yards, and Egen extended it to five over Callais (Varsity). Time, 3:23 4-5.

The five miles open went to Tressider, Central Y. M. C. A.; Richards, Irish-C., second; Seller, third. Time, 26:05.

BASEBALL MATCH  
TOMORROW NIGHT

On Wednesday evening at the Royal Athletic Park the Colonist and B. C. Electric Railway Co.'s representative ball teams will unearth the hatchet and engage in bloodless warfare. Both the nines are said to be exceptionally strong for those chosen from mercantile establishments. They have been out at drill for some weeks, and the match should be fast. Rooters will travel to the Royal Park in force.

Summer Suits in lightweight worsteds are shown in our wardrobes—

Every suit having been carefully selected for our trade, and the fabrics imported specially for us by the Semi-ready Company.

Semi-ready Suits at \$20 have all the distinction and difference which appeal to the most critical men, while at \$25 and \$30 one can buy clothes tailored as no one else can. As high as you want in quality, as low as is safe in price.

Semi-ready Tailoring

The  
Semi-Ready  
Wardrobe

Has without a doubt the largest and finest array of up-to-date Apparel for Men and Young Men ever shown in Victoria.

All Strictly Tailored Designs.

**E. E. Wescott**

Exclusive Agent for McCall Patterns. 649 Yates Street. Telephone 26.

## PROVINCIAL HAPPENINGS

served. Perjury in the case was evident.

Deputy Fisheries Inspector Babcock has advised the Nelson Board of Trade to press for the proposed fish hatchery for the benefit of Kootenay waters. The two Eastern fish specially recommended for adoption are brook trout and Lake Superior whitefish.

Mr. Justice Murphy has demanded additional and more conclusive proofs of death in the case of a probate application on the will of C. R. Draper, supposed to have been drowned at English Bay on April 19 last. "It would be a simple matter for a man to leave his clothes on the beach and get away if he desired to," said his lordship.

### CLEARED LANDS

The Cleared Lots at Qualicum Beach, Newcastle District, are now on the market in tracts of from thirty to forty acres. For plans and prices apply to L. H. Solly, Land Agent, Victoria, or L. E. Allin, Local Agent, Parksville.

Hamilton will attempt to fly from New York to Philadelphia and return, probably next Saturday. Announcement of this was made by the New York Times this morning in a statement which says in part: "The New York Times and the Philadelphia Public Ledger have arranged with Chas. K. Hamilton, the acrobat, to make a flight from New York to Philadelphia and back again, bearing a message from the Times to the Public Ledger and a message from the Ledger to the Times in return. The flight will probably take place on Saturday next. Mr. Hamilton hopes to make the trip to Philadelphia without alighting until he reaches the end of the journey. In Philadelphia he will alight in a stretch of fields at the Westmoreland station of the Pennsylvania Railroad, or some equally convenient spot to be determined tomorrow. He will undertake to return from Philadelphia to New York on the same day, alighting at his starting point, Van Cortland Park. "The distance comprised in the proposed flight will be about 199 miles each way, nearly 400 miles in all, and surpassing in distance the flight of Curtiss from Albany to New York and Paulin's flight from London to Manchester."

# VICTORIA REAL ESTATE

## Six Room Cottage Complete for \$250

This \$250 does NOT mean a FIRST PAYMENT. It's the price of the house complete. All we ask is \$250, providing you move it by the end of July next.

Location is Parliament Buildings Square. You've never had the chance to buy a six-room Cottage for \$250 before, have you? The cost of moving should not deter you from buying it.

### HOMES

### B.C. LAND & INVESTMENT AGENCY

## The Best Buy on Yates Street

60 feet frontage on Yates Street, by a depth of 240 feet, with 93 feet frontage on View Street, and large buildings. This makes an admirable site for almost any business purpose on account of having double frontage.

Yates Street, the widest and best street in the city, is soon to be paved and lighted as far as this property. The price is right and terms easy.

For further particulars, apply to

**P. R. BROWN, LIMITED**

Money to Loan. Fire Insurance Written. Stores and Offices to Rent.  
PHONE 1076. 1130 BROAD STREET. P. O. Box 428

## Hillside Avenue Cottage For \$2400

Five-room Cottage, five blocks from Douglas street, on Hillside Avenue. Built 18 months ago. Hall, parlor, dining room, kitchen, pantry, bathroom, and toilet, fireplace, etc.

Lot is 55 x 130 feet, with lane at rear. No rock, fine black soil, and all fenced.

If the car line goes up Hillside, it will pass the door, and if it passes up Quadra street it will be only one block away. Only four minutes from Douglas street car now. When car line taps this district, the property will be worth a great deal more.

\$400 cash, and balance \$25 per month

**PEMBERTON & SON** - - - - - 614 Fort Street

## No Raise in Rent

When you own the house you live in, you are not troubled with the constant fear that your rent will be raised.

## Buy a House of Your Own, \$2100

for a six-room House, with bath, sewer, hot and cold water, gas, brick foundation, in first-class condition.

\$350 cash, balance in monthly payments of \$18.

## On the Waterfront

PRINCE RUPERT  
IN THE DRYDOCK

New Steamer of Grand Trunk  
Pacific Line Hauled Out  
Yesterday to Be Cleaned and  
Made Ready for Service

CREW SIGNED  
ON YESTERDAY

Will Be Placed on Exhibition  
and Public Invited on Board  
Alongside New Wharf on  
Friday Next

The new steamer Prince Rupert, of  
the Grand Trunk Pacific Company,  
entered the drydock at Esquimalt  
yesterday morning to be cleaned and  
painted and made ready for the ser-  
vice which she is to inaugurate on  
Monday next from Seattle, Victoria  
and Vancouver to Prince Rupert and  
Stewart, connecting in Grenville  
Channel with the steamer Prince Al-  
bert of the same company, engaged  
between Prince Rupert and ports of  
the Queen Charlotte Islands. Sunday  
the steamer went to Boat Harbor to  
take on board bunker coal. After be-  
ing overhauled at Esquimalt she will  
leave tomorrow evening for Vancou-  
ver, where she is to be placed on ex-  
hibition on Thursday, and on Friday  
morning she will arrive alongside the  
new pier of the company in the inner  
harbor at Victoria, and be thrown  
open to public inspection.

The crew for the new steamer was  
signed on yesterday and Capt. B. S.  
Johnson took command, relieving  
Capt. M. A. Davies, who brought out  
the vessel for the owners. Capt.  
George Robertson, formerly of the  
steamer Amur, went as pilot, and will  
take command of the Prince George  
on her arrival, when Capt. F. C.  
Stratford, now of the tug William  
Joffe, will become chief officer. W.  
English, formerly of the C.G.S. Lilloo-  
ett, is first officer, and High McClain,  
second officer. E. A. Cooper, for-  
merly assistant purser of the Princess  
Charlotte, is purser. John R. Drys-  
dale is chief engineer, Alexander Ewing  
second engineer and James Shaw  
third engineer. W. S. Aspinwall is  
chief steward. A. L. Brownlee has  
been appointed superintendent engine-  
er, and C. Nickerson port steward.

Work on Wharves  
The creosoted piles for which the  
wharf builders have been waiting  
many days arrived from Eagle Har-  
bor on Sunday and work was resumed  
in driving piles to extend Pier A yester-  
day morning. The work of exca-  
vating the rock for the warehouse is  
rapidly nearing completion and it is  
expected that not many days will  
elapse before the erection of buildings  
begins. The filling behind the bulk-  
head is well under way, but a small  
hole remaining at either side, and  
soon work will be commenced on the  
roadway to Wharf street.

The Prince Rupert will inaugurate  
her service from Seattle at midnight  
Sunday, arriving here at 6:30 a.m.  
She will leave at 10 a.m. on Monday  
for Vancouver, and arrive there at  
2:30 p.m. Vancouver will be left at  
11:30 p.m. Monday, and Prince Rupert  
reached at 1 p.m. Wednesday. At  
8 p.m. the same day she will leave  
for Stewart, connecting in Grenville  
Channel with the steamer Prince Al-  
bert, and will arrive at the Portland  
Canal town at 6 a.m. Thursday, leav-  
ing an hour later for Prince Rupert,  
where she is due at 6 p.m. the same  
day. She will sail the same night  
for Vancouver, arriving at 8:30 a.m.  
Saturday, and will sail for Victoria

G. T. P. Steamer Prince  
Rupert in DrydockSIR JAMES MILLS  
TELLS OF PLANS

Wotan Passes Up  
The German steamer Wotan, which  
brought general cargo from Antwerp  
to San Francisco, passed up to Co-  
mox yesterday to load bunker coal.

Princess Royal on Ways  
The steamer Princess Royal will go  
on the ways of the B.C. Marine Rail-  
way Company at Esquimalt today to  
be overhauled.

BRITISH COLUMBIA  
COMMENCES SERVICE

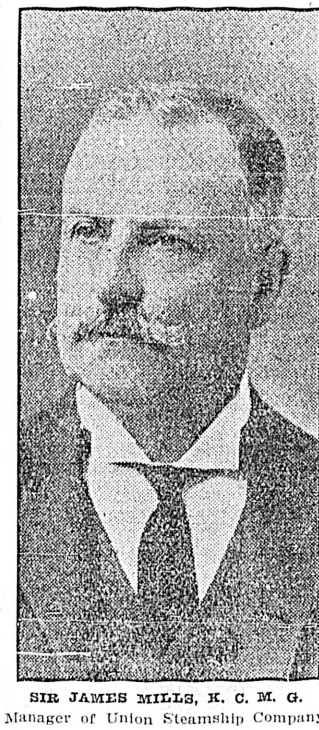

Vessel Bought by Coast Steamship  
Company Loaded Yesterday on  
Fraser for Northern Ports

The new steamer British Columbia  
of the Coast steamship company  
reached Nanaimo on Sunday for bunk-  
er coal, and yesterday proceeded to  
the Fraser river to load cargo for her  
mailden voyage to northern British  
Columbia ports. She is in command  
of Capt. Poelmer. Capt. Jarvis of  
James and Jarvis returned on Sunday  
from Vancouver after adjusting the  
compasses of the new coasting  
steamer.

NEW SCHEDULE  
NOW EFFECTIVE

C.P.R. Steamships Begin Ser-  
vice on New Time Tables—  
Leaves Here Earlier Daily  
for the Mainland

The new schedule of the C. P. R.  
steamers went into effect yesterday  
when the steamer Princess Victoria  
arrived from the Sound about 1 p.m.  
She leaves hereafter for Vancouver at  
2:15 p.m. instead of 3 p.m. as former-  
ly. The Princess Charlotte arrives  
from Vancouver at 2:30 p.m. and sails  
for Seattle at 5 p.m., the service be-  
ing maintained daily from the present  
time. The steamer Charnier will  
leave nightly at 11:45 o'clock for Van-  
couver. The Princess Beatrice will  
be maintained on a weekly service to  
Prince Rupert and Stewart, leaving  
Vancouver every Thursday at 11 p.m.,  
arriving at Stewart on Sunday morn-  
ing and sailing on the return voyage  
on Sunday afternoon, being due back  
at Vancouver on Wednesday morning.  
The service to Skagway and way  
ports will be weekly, maintained by  
the Princess May and Princess Royal,  
leaving here every Friday night, and  
being due back a week from the fol-  
lowing Monday. Calls will be made  
at Port Essington, Prince Rupert, Port  
Simpson, Ketchikan and Juneau on  
the way to Skagway. The Amur will  
sail on the 1st and 15th of each  
month to Queen Charlotte Islands and  
the Queen City leaves every Tuesday  
at 8 p.m. for Rivers Inlet and east  
coast ports of Vancouver Island. The  
service to the west coast of Vancou-  
ver Island will be maintained as hereto-  
fore.

SIR JAMES MILLS, K. C. M. G.  
Manager of Union Steamship Company.

The company, Sir James Mills says  
it is the intention to build one, or per-  
haps two new steamers of a type be-  
tween the Marama and Makura, for  
the service. Whether four steamers,  
instead of three as now used, would  
be operated would depend upon the  
growth of the business, which shows  
a tendency to improve. The steamers  
at present are carrying large com-  
plements of passengers and freight  
was increasing. The new contract  
may, or may not call for the inclu-  
sion of Auckland in the ports of call  
of the Canadian-Australian liners.  
Nothing definite had been arranged in  
this regard.  
The tenders which have been invit-

ed by the Canadian government call  
for tenders for four mail routes on the  
Pacific and a New Zealand call is in-  
cluded in the scheme.

Career of Visitor  
Sir James Mills is one of the no-  
table steamship men of the world, and  
the history of his career is so bound  
up with that of the Union Steamship  
Company of New Zealand that the  
history of one is the record of the  
other. It was Sir James Mills who  
built up the Dunedin Company until  
it became so prominent in the world's  
shipping. Previous to 1875, a consid-  
erable portion of the New Zealand  
coastal trade was in the hands of the  
Harbor Steam Company, which at  
first confined its operations within the  
limits of Otago harbor and a few ship-  
ping ports in the Middle Island of the  
colony. Subsequently, however, it ef-  
fected an arrangement with the New  
Zealand Steamship Company, to which  
it had previously been in opposition,  
and this resulting in its securing the  
greater portion of the colonial coastal  
trade. When the Union Steamship  
Company of New Zealand became es-  
tablished, Sir James Mills was ap-  
pointed managing director, a post  
previously occupied by him in the  
old concern, and this position he has  
retained to the present day. His history  
is virtually that of the important  
shipping business of which he is the  
indefatigable head. He is a New Zea-  
lander by birth, having been born in  
Wellington, on July 30, 1847. Two  
years later his parents removed to  
Dunedin, the chief town of Otago,  
where he received his education. At  
an early age he embraced business  
pursuits with such success that when  
two and twenty he found himself  
manager of the Harbor Steam Com-  
pany. This was a highly responsible  
position to be held by a mere youth,  
but James Mills proved himself equal  
to the occasion. It has been said of  
poets that they are born, not made;  
and, in like manner, it might be re-  
marked of Sir James Mills that he  
was a born shipping manager. He  
has been described as a typical Pake-  
ha-Maori, above the medium height,  
strongly and compactly built, and of  
iron constitution.

He is the third son of the late Mr.  
William Mills, who was long connect-  
ed with the customs department of  
New Zealand, and who, after occupying  
the position of collector at Dunedin,  
Auckland, and Christchurch, retired  
from the service in 1875, and died in  
Dunedin in 1900, at the advanced age  
of 91. Sir James removed with his  
parents to Port Chalmers in 1894, and  
in 1852 his family took up their resi-  
dence in Dunedin.

## His First Position

His first experience of business was  
in the house of Messrs. Macandrew  
and company, which he left after a  
year's service to join Mr. John Jones,  
who at that time carried on a large  
business in Dunedin as a merchant-  
shipowner. The shipping department  
of Mr. Jones' business was afterwards  
converted into a company, which trad-  
ed under the name of the Harbor  
Steam Company, and for some years  
the fleet of small steamers, owned by  
the company, carried on a trade be-  
tween Dunedin and neighboring ports.  
On the death of Mr. Jones, in 1859,  
Sir James Mills, who had for some time  
previously managed the affairs of the  
company, was appointed manager of the  
Harbor Steam Company, a position which  
he held until 1875. In that year a com-  
pany was formed for the purpose of  
acquiring the interests of the Harbour  
Steam Company, and embarking in a  
wider field of operations. This com-  
pany was the now well-known Union  
Steamship Company of New Zealand,  
and on its initiation Sir James was  
appointed managing director, an office  
which he has held to this day.

Sir James, when quite a youth, was  
elected member for Waikouaiti, in  
the provincial council of Otago, and  
held his seat until the abolition of the  
provincial government in 1875. On the  
death of the Hon. James Macandrew,  
who represented Port Chalmers in the  
general assembly, Sir James filled the  
vacancy, and in 1875 he was elected  
member for that district. At the  
next election, in 1880, he was opposed  
by the Hon. J. A. Miller, but was re-  
turned by a large majority. He finally  
retired from political life in 1893.

He is well known throughout the  
Australasian colonies as a supreme  
expert in all matters appertaining to  
shipping. He has made numerous  
trips to England in connection with  
his company's business, and has been  
singularly successful in his negotia-  
tions with the various governments  
with whom his company has entered  
into agreements in connection with  
mail services, etc. His name is in-  
separably associated with the rise and  
growth of the Union Ship Company.  
Although the prosperity of the col-  
ony has contributed largely to the  
rapid growth of the company's trade,  
still Sir James and his board of direc-  
tors had the foresight to make pro-  
vision for the development of the coun-  
try's resources, and the exceptional  
business ability which the former has  
shown throughout his long term of  
authority has been a leading factor  
in the company's success.

## First Steel Steamer

It is notable that the Union Steam-  
ship Company brought the first steel  
steamship into Pacific trade when the  
New Zealand shipping company amal-  
gamated with the Harbor Steam Com-  
pany, two steamers, the Hawea and  
Taupo, each of 750 tons register—  
considered a large tonnage in those  
days—arrived at Port Chalmers, from  
the Dumbarton yards of Messrs. W.  
Denny & Bros., a member of which  
firm Col. Denny being a fellow pas-  
senger of Sir James Mills on the  
Marama yesterday. The building of  
the vessels was arranged by Sir  
James Mills and a few Dunedin and  
English friends. These two steamers  
formed the nucleus of the present  
large and powerful fleet of the Union  
Steam Navigation Company, the flag  
of which is to be seen in all the great  
centres of Australasian commerce, and  
in the harbors of the South Sea and  
Eastern Pacific groups; while includ-  
ed in its itinerary are regular services  
to Calcutta and other eastern ports,  
the Canadian-Australian and Victoria  
and Vancouver, calling at Fiji and  
Honolulu en route.

## Appointed to Agency

E. E. Blackwood, general agent of  
the Northern Pacific Railroad yester-  
day received an appointment as an  
agent of the Canadian Northern  
Steamship Company, operating the  
Royal Line, including the Royal Ed-  
ward and Royal George in the Cana-  
dian-Atlantic service.

Fire at Van Anda on Wednesday  
morning last consumed no fewer than  
seven buildings, although continuing  
little more than half an hour. The new  
hotel had a close call.

## THE CANADIAN NORTHERN

Will call for tenders and begin actual operations on their  
Vancouver Island lines this month.

MACKENZIE & MANN  
Will take over the Dunsuir mines and conclude arrange-  
ments for the spending of an immense sum of money on de-  
velopment work this month.

THE CANADIAN PACIFIC  
Have already let contracts for work on their new lines on the  
Island, which will start this month.

THE B. C. ELECTRIC RAILWAY CO.  
Have announced their intention of building a line into the  
Saanich district and everything points to a start being made  
this month.

This month, then, marks the beginning of an era of devel-  
opment, of progress and of prosperity for Vancouver Island,  
such as it has never before experienced, and this month is the  
time to buy Real Estate. Figure this out from every stand-  
point and we think you will come to the same conclusion.

## OSAKA SHOSEN JOINS COMBINE

Rate War Begun by Japanese Line When Cut Was Made on Silk Freight Is Now at An End

The Osaka Shosen Kaisha has been admitted to the trans-Pacific freight bureau comprising the steamship lines engaged in the trade between North Pacific ports and the far East, and the rate war in the silk trade begun a few weeks ago has come to an end. The new Japanese line cut the rate on silk from \$6 per 100 pounds to \$5, and the C. P. R. which handles the bulk of this commodity owing to its faster service immediately met the cut. Other lines followed. Now the rate has been put back to six cents per pound.

For some time the Osaka Shosen has been a member of the westbound trans-Pacific Overland Tariff Bureau, and its rates from freight from the States to the Orient was the same as other carriers; but it had not joined the east bound, and when the line announced a cut last week on raw silk the other lines were forced to meet it. For some years the rate on silk has been \$6 a hundred pounds though at one time it was as low as \$3.

The headquarters for the westbound bureau are at Seattle, and it was from these offices that announcement of the Osaka company joining the eastbound bureau was made yesterday. The headquarters for the eastbound bureau are at Yokohama and Hongkong. Another matter of much importance to trans-Pacific lines which is now before the bureau is the request of Waterhouse & Co. for a differential of \$10 on steerage passengers between the Sound and the Orient. The rate on the steamer Minnesota of the Great Northern Steamship company's line and on the Empress liners of the Canadian Pacific is \$51, and on the steamer Montague of the C. P. R. the Blue Funnel liners Osaka Shosen Kaisha, Nippon Yusen Kaisha and Weir company's steamers is \$43.50. In its demand for a \$10 differential the Waterhouse company, agents for the Weir line, contend that as the accommodations of the other steamers are better than those afforded by the Weir line, and as the other steamers are smarter than the Weir vessels, the company is entitled to a differential. The decision of the bureau is awaited with interest, and the general opinion is that the request of the Waterhouse company will not be granted. In case it is not, shipping men look for a lively rate war in the steerage passenger business. The demand of the Waterhouse company is looked upon as the beginning of a rate fight with the Blue Funnel line, brought about it is said by the Blue Funnel line's bidding on recent government contracts in which the Waterhouse company was interested.

## LINERS DUE FROM ORIENT

River Clyde Is Making Long Passage from Yokohama—Inaba Maru Sails Outward Today

The steamer River Clyde of the Weir line, which is taking the place of the steamer Saverie while that vessel is undergoing repairs in the drydock at Hongkong, is fully due from Yokohama. She left the Japanese port four days prior to the Empress of India which reached port on Saturday. She is now out over seventeen days.

The steamer Sado Maru of the Nippon Yusen Kaisha is following the steamer River Clyde, and is due here tomorrow or Thursday from Yokohama and the usual ports of call in the Far East on her first voyage to this port. The Inaba Maru of the same line is to sail today from the outer wharf on her way back to Hongkong and way ports.

The Carfa of the Blue Funnel line is also due this week. The Holt steamer left Yokohama on May 28th, and is due here on Friday. She is bringing 494 Chinese passengers for this city, of whom 121 are to pay head tax. This will mean an increase of \$60,500 to the customs returns of this port. The steamer has a large cargo for Victoria, including another shipment of steel waterpipe for the Esquimalt Waterworks Company.

The steamer Montague of the C. P. R. is due also on the way from Yokohama, having sailed from the Japanese port on Saturday for Victoria. She is due here on June 17th. The steamer Empress of Japan sailed from Hongkong on Saturday via the usual ports and is due here on June 25th.

## TEES RETURNS FROM WEST COAST

Steam Whalers Delayed by Heavy Weather—Sought Mike King at Nootka—He Is Crossing Island

The steamer Tees returned yesterday morning from the west coast with a good complement of passengers. The trip was extended to Nootka for the purpose of picking up Michael King who was left at Tatcha point on the last trip of the vessel. Mr. King, however, was not there, he having decided to march across the island to Campbell river and take passage south on the Queen City. The steam whalers at Sechart have been delayed lately by heavy weather. At Tolno the herring were beginning to run well and spring salmon were being taken in numbers at Uchelet. The passengers included Messrs. Waterhouse and Millish, Mr. and Mrs. Muirhead from Alberni, three sisters from the Clayoquot school, C. L. Bet-

terton of San Juan. Mrs. Williams, wife of the operator at that port, Mrs. and Miss Heater. The steamer will sail again tonight for the west coast.

## EDITH RETURNED WITH CARGO SHIFTED

After Severe Buffeting During Recent Gale Seattle Steamer Put Into Port Angeles on Sunday

The steamer Edith, which sailed from Seattle for the north a few days ago, was caught in the recent heavy gales off the coast and her cargo shifted. The Edith, with her stern badly damaged and listed badly to port, re-

turned to Port Angeles on Sunday, and her crew began trimming the shifted cargo. The Edith had a severe buffeting during the recent storm.

## MARAMA LEAVES SYDNEY FOR VICTORIA

Has Been Chartered to Carry Excursion From This Port and Vancouver to San Francisco in July

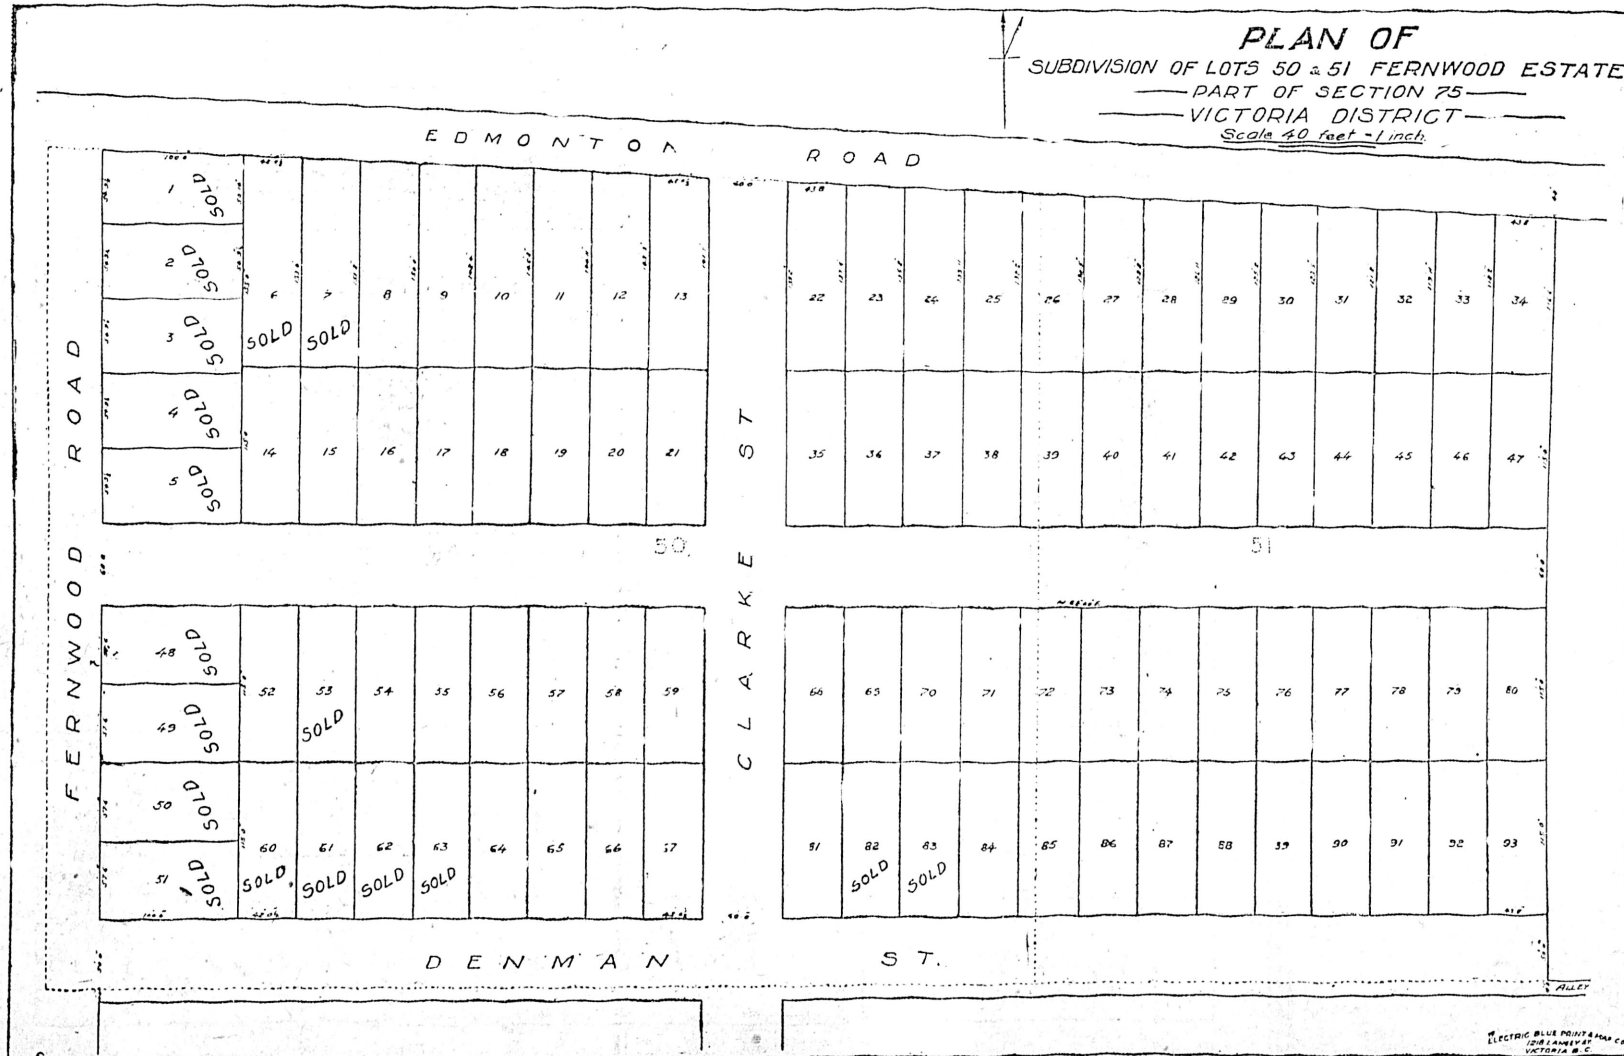

Steamer Marama, of the Canadian-Australian line, which has been chartered to carry an excursion from Vancouver and Victoria to San Francisco for the Jeffries-Johnson fight, left Sydney yesterday with a good complement of passengers, including Tommy Burns, Robt. Fitzsimmons and

others bound to San Francisco by way of Honolulu. Sir James Mills, who arrived here yesterday, recently completed arrangements with the Matson line, whereby passengers bound to San Francisco will be transferred to the steamers of that line at Honolulu. Previously they have been brought here and sent south by steamers of the Pacific Coast Steamship Company.

## Iroquois Comes Today

The steamer Iroquois of the International Steamship Company will reach port this morning from Seattle inaugurating her summer service. She will arrive at 6.30 a.m. daily, except Sunday, and will sail from here at 9 a.m. daily for Seattle, except Sunday.

# PIERCEFIELD! PIERCEFIELD!

The choicest, cheapest, close in residential property ever offered for sale in the city of Victoria. Your last chance this week to purchase one or more of these lots. Probably the next three days will see them all sold. 37 out of a total of 75 have already been purchased. Some of the very choicest are yet for sale, and at ridiculous prices.

PIERCEFIELD is the opportunity of the year for a quick profit. It is already surrounded by neat cottage homes. It is right in the heart of the city, has all conveniences, water, sewers, electric light, roads and sidewalks, and is for sale at out in the woods prices. Lots are of good size, level, all cleared, and have been cultivated for years.

PRICES—  
\$300 to \$425 per Lot

Terms 1/4 Cash, Balance 6, 12, 18, 24 Months

Compare these prices with property similarly situated. In six months you'll double your money. Don't hesitate. Buy now, and buy all you can afford. You know how prices have advanced all over the city. The new high school will double the value of Spring Ridge property. These lots are now 50 to 75 % cheaper than anything in the locality. Figure out your own profit. We're here to sell. You're here to buy. Get busy.

## CATERPILLARS TO BE DESTROYED

Oak Bay Council Passes By-law Dealing With Noxious Insect Pest—Offer For Old School Site

Determined to be thoroughly equipped next summer with the machinery of authority to compel the destruction of caterpillars and other noxious insects within the municipality, the Oak Bay council last evening introduced and passed through all but its final stage a by-law to deal with the plagues in question. The bylaw provides for a minimum penalty on infringement of \$5 and not more than \$50, and further inures an inspection of property to ascertain if its provisions are being enforced.

The bylaw to abolish the ward system in the municipality was finally reconsidered and passed.

The meeting, which was of very brief duration, dealt with a few unimportant routine matters. An offer from Mr. J. J. Shallcross of \$2,500 for the site of the old school house on Foul Bay road was referred to the finance committee, with power to act. Following a complaint, the engineer was given authority to see that thistles and other noxious weeds on the main thoroughfares were cut. The constable's salary was raised to \$75 per month.

Reeve Henderson presided at the meeting, Councillors McGregor, Lott, Pemberton and Newton being present.

## INCREASED TRADE WITHIN EMPIRE

United Kingdom Report Shows Remarkable Rise in Value of Imports From the Oversea Dominions

Figures showing a remarkable increase in the values of merchandise imported from countries within the Empire to the United Kingdom appear in a statement of the external trade of the Motherland for the four months ending April just received by Mr. J. J. Shallcross from His Majesty's trade commissioner for Canada. The increase in imports over the corresponding four months of 1909 was £9,200,000, and this entire amount, less £100,000, occurred in imports from the overseas dominions. The total value of the merchandise exported from Canada to the United Kingdom during the first four months of the year was £5,337,000, while the merchandise imported to the Dominion from British Isles amounted to £3,320,000. As usual the commodities with which Canada supplied the Old Country were wheat, bacon, and hams, cheese and canned salmon, the former commodity to the value of £1,350,000 being exported.

The figures of the United Kingdom's trade for the first four months of the year were: imports, £224,716,000; exports, £174,813,000.

### Beware of Ointments For Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co.

Sold by Druggists. Price 75c. per bottle.

Take Hall's Family Pills for constipation.

## MAYNARD & SON

AUCTIONEERS

Lifebuoy Soap—Disinfectant—is strongly recommended by the medical profession as a safeguard against infection diseases.

# The Victoria Transfer Company

## Horses For Sale

We have horses of all classes for sale and are ready at all times to exhibit such to intending purchasers. It will pay you to see us before purchasing.

## Cabs

Do you know that our Glass Front Carriages are at your disposal at the following charges—Four Persons, single hour, \$2.00; Four Persons, an hour and a half, or over, at per hour, \$1.50. In four hours a party of four can see the principal points of interest in the City of Victoria for the moderate charge of \$6.00.

## Victorias

If you wish, we can furnish a Victoria, at per hour, \$2.00; single hour, \$2.50. These vehicles accommodate three persons and are most suitable for ladies doing afternoon calling.

## Furniture Trucks

Furniture moving is an important undertaking. We have men who do nothing else. Our charges are—By the hour, \$1.50. With an extra man to help the charge will be increased to \$2.00 per hour.

## Baggage and Express

In this department prompt delivery is the important factor. If you are catching a steamer or train you like to know that your luggage or packages will be at the wharf or station in good time to depart with you. What is more annoying than searching for your belongings a minute before your steamer sails or your train pulls out? This is off-set by our claim checks. Our drivers check your baggage at your residence. You present the claim check to the baggage-master—show your ticket—he then gives you the railway or steamer check, and that is all. You then go on your way rejoicing. If we cannot attend to your order we will tell you and thus avoid suspense.

## Express and General Drayage

We have twenty-seven Express and Delivery Wagons. For the use of one of these we make a charge of—Per Hour, \$1.00.

## Livery

Better Single or Double Traps cannot be found on the Pacific Coast. Single Horse and Trap—Morning, \$2.50; Afternoon, \$3.00.

## Teams

We are prepared to supply teams for Half a Day at \$5.00, excepting Saturday, Sunday and Holidays, when the charge will be, half a day, \$7.50. For long distances, the office will furnish particulars.

## Boarders

We board your horse, look after your trap and harness—Per month, \$25.00. Our object is to please our patrons. We are responsible to them as to safety or damage done to furniture or goods. Our drivers, we believe, are civil and careful, and seldom knowingly overcharge. If by any chance a mistake occurs, come to the office or notify us at once. In other words, give us an opportunity to put right anything that displeases you.

### STATISTICS HELP PRICES OF GRAIN

Wheat Market Rules Higher on Firmer Cables and More Bullish Weekly Trade News Reports

CHICAGO, June 6.—Wheat opened strong and higher in line with good stiff cables and the buying was helped some by smaller world's shipments, large decrease in wheat on passage and only slight rise in temperatures in the spring wheat country where the crop has been held back by cold weather. On the first swell there was quick selling by a large element in the local trade and prices were forced back promptly to Saturday's level. On this dip there was also some buying by houses with southwest connection. The trade was also of the belief that the houses which was regarded as leading the bear operations last week had distributed buying orders in the market to accumulate wheat. This and the bullish news referred to, quickly changed the entire sentiment in the local trade.

### THE ANT

Facts About One of Nature's Most Industrious Creatures

When spring comes with all its wealth of opening buds and new flowers, the ant is preparing for a season of profitable industry. It comes out of its winter quarters and locates a new home, where it can store away, during the summer months, the sustenance for the long winter days. Just as industrious as the ant—but in a different way, are the countless infinitesimal germs which burrow into the scalp and eat away at the roots of the hair. As they burrow away Dandruff forms, and if the germs are not all killed. Baldness results. Newbro's Herpicide is the only known remedy which kills the germs. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Cyrus H. Bowles, D. A., 1228 Government street.

Mine Host Drew, of the Hotel Kimberley for three years acted as C. P. R. agent at that point, performing all services required, and receiving neither salary nor commission. Upon asking for a pass to the coast, he was coldly "turned down." He thereupon brought suit for services rendered and accepted, and the company compromised at \$1,000 and costs.

### SOLID ADVICE TO B.C. FRUIT GROWERS

Must Perfect Their Shipping and Marketing Arrangements to Participate in the Trade of Saskatchewan

That B. C. vegetable growers must get their products on the markets of Saskatchewan early if they wish to participate in the trade is the advice received from Mr. J. C. Metcalfe, commissioner, with headquarters at Moose Jaw, in the form of a letter addressed to Mr. W. E. Scott, deputy minister of agriculture. Further advice is tendered to fruit growers to the effect that they must perfect their shipping facilities and marketing arrangements and give the greatest care to all the details in putting up the fruit. Mr. Metcalfe states that from the present reported heavy crop the good and finished product will sell, while the poor and unfinished may go begging for sale. The communication closes by pointing out that there is a very determined effort on the part of jobbers everywhere in Saskatchewan, operating through their boards of trade, to get the present tariff on fruit reduced from the American side. These efforts and agitation along this line are likely to be continued. Mr. Metcalfe states that any action by the Dominion Government in this direction should be opposed by fruit-growers east and west most energetically.

### WILL TEACH HIM

Egyptian Nationalist Newspaper Will Make Example of Mr. Roosevelt

CAIRO, June 6.—A Nationalist newspaper, El Lam, has published an article by an anonymous contributor, in which it is stated that former President Roosevelt by his gaudy speech committed political suicide, and brought on himself the censure of the Liberals in Great Britain. "Neither his speech nor Lord Milner's, and their like," says the Egyptian journal, "can make us recoil from the statement that the present government is the best for two thousand years in the way of gross ignorance. El Lam announces that as it believes that the statements of Col. Roosevelt were even more meretricious and worse than the telegraphic report shows, it postpones judgment till the receipt of the whole text, when it will render him "an example and byword among nations."

### Fire-Proof Ware

We have received a shipment direct from the potteries, and are thus able to offer a large range of useful articles at very moderate prices.

The ware is made from a special clay, which will not break if placed in oven and subjected to the highest temperature used in cooking.

It is used by the best cooks, as food prepared in these vessels retains its original delicate flavor.

There is no danger of contamination, and as every article is beautifully glazed, it is easy to keep them clean.

We have—

Individual Egg Poachers

Individual Bean Pots

Shirred Egg Dishes

Covered Casseroles, for baking or stewing

Pie Plates or Layer Cake Pans

A full range of strongly-made Mixing Bowls and Milk Jugs.

All are finished in a fine glossy brown outside and lined with creamy white glaze.

## When You Want a Range, Get the Arcadian

You will never regret it. Arcadian Malleable Ranges are the last word in range construction. They are built to give satisfaction, and are guaranteed to do it. There is not a better baker or a more economical range on fuel consumption on the market. They are beautiful in design, no puttied joints, every part being firmly bolted together. Better let us show you one.

## ANNOUNCEMENT

We take pleasure in announcing that hereafter "The Ladies' Home Journal Patterns and Style Books" may be had at this store.

The progressive spirit of this store is again made manifest in the adoption of The Ladies' Home Journal Patterns.

These patterns are as superior to all others as electric light is to candle light. They present the most advanced styles, are designed by people who have made this art a life study and who keep in constant touch with the leading fashion centres.

They are perfect fitting—each size being drafted—are economical of material, and yet the patented Guide Chart which goes with each pattern so simplifies the cutting and fitting that the home dressmaker can retain the style of the design as has never before been possible with any paper patterns. Price of patterns, **10c** and **15c**.

The Monthly Style Book Free
